

ACCOUNTING & FINANCE

The first two years of the degree focuses more on developing requisite communication skills, will also be enable the student to gain an overall conceptual grasp of the theoretical academic content. This result in forming a solid base on which to develop an understanding of the advanced modules presented in later years. The Higher Diploma level covers a broader range of theory, equipping the student with the knowledge and skills necessary to work in industry at an executive level.

Knowledge of Accounting & Finance is essential for the management of a business. A sound grasp of fundamentals is required to keep pace with the rapid changes and increasing complexity of modern business; especially true for the Accounting & Finance disciplines. Building on the strong foundation laid in the first three years of study, the special degree programmes allows the students to acquire an in depth knowledge required by an expert in Accounting & Finance. Moreover, electives that are available in the final year allow a student an avenue for further specialization in a selected field.
