2026 Academic Year Tuition and Miscellaneous Fees Schedule (per semester)
(For foreign students and land students)

Bachelor's Programs

College, Department	Tuition Fee	Miscellaneous Fee	Total	Fee per Credit
College of Humanities and Social Sciences • Department of Chinese Literature • Department of Foreign Languages and Literature	47,020	9,460	56,480	2,040
Center for General Education FCU Pre-major Program for International Freshman Students	47,020	10,350	57,370	
College of Engineering and Science • Department of Industrial Engineering and Systems Management • Department of Chemical Engineering • Department of Aerospace and Systems Engineering • Bachelor's Program of Precision System Design • Department of Mechanical and Computer-Aided Engineering • Department of Fiber and Composite Materials • Department of Environmental Engineering and Science • Department of Photonics • Department of Materials Science and Engineering	49,200	16,760	65,960	
College of Engineering and Science Department of Applied Mathematics	49,200	16,220	65,420	
College of Finance • Department of Risk Management and Insurance • Department of Finance • Bachelor's Program of Financial Engineering and Actuarial Science • Undergraduate Program of Finance College	47,020	10,350	57,370	
College of Construction and Development • Department of Land Management • Department of Transportation and Logistics	47,020	10,350	57,370	
College of Construction and Development • Department of Civil Engineering • Department of Water Resources Engineering and Conservation • Department of Urban Planning and Spatial Information	49,200	16,760	65,960	
School of Architecture • Bachelor's Program of Architecture • Bachelor's Program of Interior Design • Bachelor's Program of Design and Innovation	59,040	20,110	79,150	2,440
College of Business • Department of Business Administration • Department of Cooperative Economics and Social Entrepreneurship • Department of Marketing • Department of Public Finance • Department of Statistics • Department of Accounting • Department of Economics • Department of International Business	47,020	10,350	57,370	2,040
College of Business • Bachelor's Program of International Business Administration (English Program)	72,000	15,000	87,000	3,000
College of Information and Electrical Engineering • Department of Automatic Control Engineering • Department of Communications Engineering • Department of Information Engineering and Computer Science • Undergraduate Program of Information and Electrical	49,200	16,760	65,960	2,040

College, Department	Tuition Fee	Miscellaneous Fee	Total	Fee per Credit
Engineering College • Department of Electronic Engineering • Department of Electrical Engineering				
iSchool • Bachelor's Program of Artificial Intelligence Technology and Application	49,200	16,760	65,960	
International School of Technology and Management • All Bachelor's Programs	169,644	10,356	180,000	8,400

Remarks:

1. Students under the full tuition and miscellaneous fees system will be charged the full amount of tuition and miscellaneous fees during their study period.
2. For undergraduate students extending their studies, tuition and miscellaneous fees are charged based on the per-credit standard. The fee is calculated according to the higher level of the student's enrollment class and the elective class selected. Except for the miscellaneous fees of the International School of Technology and Management, where an additional miscellaneous fee of NTD600 and other miscellaneous fees (detailed in the miscellaneous fees schedule) will be charged for undergraduate students. For students extending their studies who have completed four semesters without studying abroad in the International School of Technology and Management, a miscellaneous fee of NTD12,600 will be charged; for dual degree students who have studied abroad, a miscellaneous fee of NTD600 will be charged.
3. For undergraduate students extending their studies who lack 20 credits or more for graduation, full tuition and miscellaneous fees will be paid in advance. For students extending their studies who lack fewer than 20 credits for graduation, fees for 3 credits will be paid in advance. Credit fees will be calculated based on the number of credits at the deadline for course additions. For 9 credits (inclusive) or fewer, students will need to pay supplementary credit fees; for those with 10 credits (inclusive) or more, the full tuition and miscellaneous fees for their original department will be paid. Students who do not withdraw from the course before the deadline for course additions will not be eligible for a refund (those who have not made payments are still required to pay).
4. Full tuition and miscellaneous fees are required to be paid during study abroad periods.
5. For other miscellaneous fees, please refer to the other miscellaneous fees schedule.

Continuing Education Bachelor’s Programs

College, Department	Credit Tuition and Miscellaneous Fee	Miscellaneous Fee
School of Architecture • Continuing Education Bachelor's Program of Interior Design	2,192	—
College of Construction and Development • Continuing Education Bachelor's Program of Construction Engineering and Management, Department of Civil Engineering		
College of Business • Continuing Education Bachelor's Program of Business		

Remarks:

1. Credit tuition and miscellaneous fees for 21 credits will be charged in advance for each semester of study, and 2 credit fees for physical education and military training courses will be charged based

on the number of hours attended. The actual credit fee is based on the number of credits taken on the deadline for course additions. If the student does not withdraw from the course before the deadline for course additions, the course credit fee will not be refunded (those who have not paid must still pay the credit fee). Additional payment or refund will be made at a later date after the deadline for course additions and withdrawals.

2. Inter-disciplinary (department) Credit Fee: The fee is calculated according to the higher level of the student's enrollment class and the elective class selected.
3. Students should pay the same amount of tuition and miscellaneous fees as day students during the period of study abroad.
4. For other miscellaneous fees, please refer to the other miscellaneous fees schedule.

Master's Programs

College, Department	Tuition Fee	Miscellaneous Fee	Total	Fee per Credit
College of Humanities and Social Sciences • Master's Program of Culture and Social Innovation • Department of Chinese Literature • Department of Foreign Languages and Literature	47,020	9,460	56,480	3,960
College of Engineering and Science • Department of Industrial Engineering and Systems Management • Department of Chemical Engineering • Department of Aerospace and System Engineering • Master's Program of Electro-Acoustics • Master's Program of Green Energy Science and Technology • Department of Mechanical and Computer-Aided Engineering • Department of Fiber and Composite Materials • Department of Environmental Engineering and Science • Department of Photonics • Department of Materials Science and Engineering • Master's Program of Space Systems Engineering	49,200	16,760	65,960	
College of Engineering and Science • Master's Program of Data Science	49,200	16,220	65,420	
College of Finance • Department of Risk Management and Insurance • Department of Finance	47,020	10,350	57,370	
College of Construction and Development • Department of Land Management • Department of Transportation and Logistics	47,020	10,350	57,370	
College of Construction and Development • Department of Civil Engineering • Department of Water Resources Engineering and Conservation • Department of Urban Planning and Spatial Information	49,200	16,760	65,960	
School of Architecture • Master's Program of Architecture	49,200	16,760	65,960	
College of Business • Department of Business Administration • Department of Cooperative Economics and Social Entrepreneurship • Department of Marketing • Graduate Institute of Management of Technology • Department of Public Finance • Graduate Institute of Financial and Economic Law • Department of International Business • Department of Statistics	47,020	10,350	57,370	

College, Department	Tuition Fee	Miscellaneous Fee	Total	Fee per Credit
• Department of Accounting • Department of Economics				
College of Information and Electrical Engineering • Department of Automatic Control Engineering • Department of Communications Engineering • Department of Information Engineering and Computer Science • Department of Electronic Engineering • Department of Electrical Engineering • Master's Program in Industrial R&D • Master's Program of Information and Communication Security	49,200	16,760	65,960	3,960
iSchool • Master's Degree Program in Artificial Intelligence Technology and Management	49,200	16,760	65,960	

Remarks:

1. Students under the full tuition and miscellaneous fees system will be charged the full amount of tuition and miscellaneous fees during their study period.
2. For students extending their studies, tuition and miscellaneous fees are charged based on the per-credit standard. The fee is calculated according to the higher level of the student's enrollment class and the elective class selected. A miscellaneous fee of NTD5,400 and other miscellaneous fees (detailed in the miscellaneous fees schedule) will be charged. Credit fees will be calculated based on the number of credits at the deadline for course additions. For 9 credits (inclusive) or fewer, students will need to pay supplementary credit fees. For those with 10 credits (inclusive) or more, the full tuition and miscellaneous fees for their original department will be paid. Students who do not withdraw from the course before the deadline for course additions will not be eligible for a refund (those who have not made payments are still required to pay).
3. Full tuition and miscellaneous fees are required to be paid during study abroad periods.
4. For other miscellaneous fees, please refer to the other miscellaneous fees schedule.

Professional Master's Programs

College, Department	Fees per credit	Miscellaneous Fee
College of Humanities and Social Sciences • Professional Master's Program of Social Innovation and Sustainability	7,344	**12,600**
College of Engineering and Science • Professional Master's Program for Intelligent Manufacturing and Engineering Management	7,320	
College of Finance • Professional Master's Program of Finance	7,320	
College of Construction and Development • Professional Master's Program of Project Management	8,040	
College of Construction and Development • Professional Master's Program of Construction and Development	7,320	
College of Business • Professional Master's Program of the Graduate Institute of Financial and Economic Law	8,040	
College of Business • Professional Master's Program of Business	7,560	
College of Information and Electrical Engineering • Professional Master's Program of Information and Electrical Engineering	8,040	
School of Management Development • Executive Master's Program of Business Administration (Advanced Management Program)	22,032	
School of Management Development • Executive Master's Program of Business Administration (Cultural Creative Management Program, Architectural Industry Program, General Management Program, Digital Innovation Management Program)	12,240	

Remarks:

1. Credit fees will be charged in advance according to the classes during the period of study. The actual credit fee is based on the number of credits taken on the deadline for course additions. If the student does not withdraw from the course before the deadline for course additions, the course credit fee will not be refunded (those who have not paid must still pay the credit fee). Additional payment or refund will be made at a later date after the deadline for course additions and withdrawals.
2. Except for the 10 credits required to make up the daytime Master's degree course in the Graduate Institute of Financial and Economic Law, which is charged according to the fee standard of the class chosen, all other courses are charged according to the fee standard of the department to which the student belongs.
3. Thesis supervision fee is charged in the second semester of the first year: NT$6,000 for the master's program.
4. For other miscellaneous fees, please refer to the other miscellaneous fees schedule.
5. For students extending their studies, the miscellaneous fees are NTD5,400.

Ph.D. Programs

College, Department	Tuition Fee	Miscellaneous Fee	Total	Fee per Credit
College of Humanities and Social Sciences • Department of Chinese Literature	47,020	9,460	56,480	3,960
College of Engineering and Science • Department of Industrial Engineering and Systems Management • Department of Chemical Engineering • Department of Fiber and Composite Materials • Ph.D. Program of Mechanical and Aeronautical Engineering • Department of Environmental Engineering and Science • Department of Materials Science and Engineering	49,200	16,760	65,960	
College of Information and Electrical Engineering • Department of Information Engineering and Computer Science • Ph.D. Program of Electrical and Communications Engineering	49,200	16,760	65,960	
College of Construction and Development • Ph.D. Program of Infrastructure Planning and Engineering	49,200	16,760	65,960	

College, Department	Fees per credit	Miscellaneous Fee
College of Finance • Ph.D. Program of Finance	21,600	13,200
College of Business • Ph.D. Program of Business	21,600	12,600

Remarks:

1. Students under the full tuition and miscellaneous fees system will be charged the full amount of tuition and miscellaneous fees during their study period.
2. For students extending their studies, tuition and miscellaneous fees are charged based on the per-credit standard. The fee is calculated according to the higher level of the student's enrollment class and the elective class selected. A miscellaneous fee of NTD5,400 and other miscellaneous fees (detailed in the miscellaneous fees schedule) will be charged. Credit fees will be calculated based on the number of credits at the deadline for course additions. For 9 credits (inclusive) or fewer, students will need to pay supplementary credit fees. For those with 10 credits (inclusive) or more, the full tuition and miscellaneous fees for their original department will be paid.
3. Dissertation supervision fee is charged in the second semester of the first year for Ph.D. Program of Finance, Ph.D. Program of Business, and Ph.D. Program of Infrastructure Planning and Engineering: NT$8,000 for the Ph.D. program.
4. Full tuition and miscellaneous fees are required to be paid during study abroad periods.
5. For other miscellaneous fees, please refer to the other miscellaneous fees schedule.

2026 Academic Year Tuition and Miscellaneous Fees Schedule (per semester)
(For domestic and overseas Chinese students)

Post-Baccalaureate Programs

College, Program Name (Special Program Name)	Fees per credit	Miscellaneous Fee
College of Engineering and Science • Post-Baccalaureate Program of Net Zero and Smart Sustainability (Multidisciplinary Talent Development Course)	4,560	12,600
College of Information and Electrical Engineering • Post-Baccalaureate Program of Information Engineering and Computer Science (STEM Field, Spring Semester)	3,600	
College of Information and Electrical Engineering • Post-Baccalaureate Program of Information Engineering and Computer Science (Multidisciplinary Talent Development Course, Fall Semester)	3.600	

Remarks:

1. A credit fee of 12 credits per semester will be charged in advance for the Net Zero and Smart Sustainability Post-Baccalaureate Program during the period of study. The actual credit fee is based on the number of credits taken on the deadline for course additions. If the student does not withdraw from the course before the deadline for course additions, the course credit fee will not be refunded (those who have not paid must still pay the credit fee). Additional payment or refund will be made at a later date after the deadline for course additions and withdrawals.
2. A credit fee of 18 credits per semester will be charged in advance for the Post-Baccalaureate Program of Information Engineering and Computer Science (STEM Field, Spring Semester) for the first and third semesters, and a credit fee of 12 credits for the summer semester during the period of study. The actual credit fee is based on the number of credits taken on the deadline for course additions. If the student does not withdraw from the course before the deadline for course additions, the course credit fee will not be refunded (those who have not paid must still pay the credit fee). Additional payment or refund will be made at a later date after the deadline for course additions and withdrawals.
3. A credit fee of 21 credits for the first semester, 18 credits for the second semester, and 9 credits for the summer semester will be charged in advance for the Post-Baccalaureate Program of Information Engineering and Computer Science (Multidisciplinary Talent Development Course, Fall Semester) during the period of study. The actual credit fee is based on the number of credits taken on the deadline for course additions. If the student does not withdraw from the course before the deadline for course additions, the course credit fee will not be refunded (those who have not paid must still pay the credit fee). Additional payment or refund will be made at a later date after the deadline for course additions and withdrawals.
4. For students extending their studies, tuition and miscellaneous fees are charged based on the per-credit standard. The fee is calculated according to the higher level of the student's enrollment class and the elective class selected. A credit fee of 3 credits will be charged in advance. In addition, a miscellaneous fee of NTD5,400 and other miscellaneous fees (detailed in the miscellaneous fees schedule) will be charged.
5. For other miscellaneous fees, please refer to the other miscellaneous fees schedule.

Other Special Programs (New in 2026)

College, Department	Tuition Fee	Miscellaneous Fee	Total	Fee per Credit
College of Engineering and Science • Department of Mechanical and Computer-Aided Engineering International Master's Program in Semiconductor Engineering	49,200	16,760	65,960	3,300

Remarks: For other miscellaneous fees, please refer to the other miscellaneous fees schedule.

Other miscellaneous fees schedule

Item	Amount	Description
Computer and Internet Communication Usage Fee	700	Applicable to all students
Student group insurance premium	324	
Medical insurance premium (overseas Chinese students)	600	For overseas Chinese students' first semester
Health insurance premium (for foreign and overseas Chinese students)	4,956	NT$826 per month
Medical insurance premium (for foreign and overseas Chinese students)	3,000	NT$500 per month (tentative estimate, subject to adjustment)

Remarks:

1. 2 credits of physical education and military training courses will be charged according to the number of hours attended.
2. The adjustment of the tuition and miscellaneous fees for each academic year will be handled in accordance with the "Regulations for Charging Tuition and Miscellaneous Fees for Junior Colleges and Institutions of Higher Education".
3. Starting from the 2015 academic year, the tuition and miscellaneous fees schedule for mainland and foreign students is 1.2 times that for domestic students (excluding overseas Chinese students).
4. After the deadline for course additions of the semester (the base date for calculating credit fees), those who are only enrolled in external internship courses with a signed tripartite contract and no other courses (no course changes during the semester) may be refunded 20% of the miscellaneous fee at the end of the semester after the list is provided by the Registration and Curriculum Section.
5. Foreign and overseas Chinese students will incur an additional 1.5% payment convenience fee for payment of tuition and miscellaneous fees with a credit card not issued by domestic banks.
6. The 2026 academic year's student insurance fee is pending a decision from a public tender.
