PRINTED TABLE CLOTHS

6ft Fitted Closed Back template

THIS TEMPLATE

- Finished cloth: 6ft trestle table (72.24 x 30 x 29.02 in high), Fitted Closed Back, flat pattern 130.71 x 88.58 in. Page 1 is your working artboard at 131.5 x 89.37 in - the flat pattern plus 0.4 in bleed.
- The magenta line is the cut line (spot color DIELINE), from our table cloth supplier's pattern for this exact size and style. The panels are cut on this line and sewn together. You do not need to draw a cut line.
- Green dashed lines = safe zones, one per panel. Keep all text and logos inside them, clear of the seams and hems.
- Extend background colors and images out to the blue bleed line, 0.4 in past the cut, so no white edge shows after sewing.
- The table top is in the middle of the sheet. FRONT is below it and reads the right way up. BACK is above it and is set upside down, and the two ends are turned on their sides, so every panel reads the right way up once the cloth is on the table. The label on each panel shows which way is up.

ADOBE ILLUSTRATOR / AFFINITY / INDESIGN

- Open the PDF - page 1 is the artboard. The guides sit on their own layer named GUIDES.
- Design on the YOUR ARTWORK layer, under the guides.
- Before saving: delete (or hide) the GUIDES layer, convert all fonts to outlines, and check your document color mode is CMYK.
- Export as PDF (PDF/X-4 or Press Quality) at 100% scale with 0.4 in bleed and crop marks.

CANVA

- Create a design with custom size 131.5 x 89.37 in (trim + bleed - this exact page size).
- Upload the matching PNG guide overlay from this pack, place it to fill the page, and lock it while you design.
- Keep text inside the green zone; run backgrounds to the page edge. Delete the overlay, then Share > Download > PDF Print, CMYK if available.

FILE REQUIREMENTS

File Dimension: 130.71 x 88.58 in

PDF

- All files must be supplied in CMYK format
- All fonts converted to outlines (paths/curves) and/or supplied
- All elements must be linked, please ensure they are embedded
- Files to be supplied at 100% scale unless otherwise specified
- 0.4 in Bleed
- Keep important text/graphics at least 0.79 in inside the trim edge
- If using borders, make them at least 3/8 in thick

Images

- Photos and images at least 100 ppi at full print size. Vector artwork preferred.

Panels

- Supply one file per cloth on the template for your size and style: the table top, front, back and both ends on one artboard.

Sending Us Your Files

- Files up to 20MB can be uploaded online before checkout.
- Files over 20MB can be shared to printshop@paperlust.co via Google Drive / Dropbox.
