- ✓ Launched India's first 270-degree multi-projection technology, ScreenX.

Mumbai, August 2nd, 2019. INOX Leisure Ltd reported financials for the first quarter ending 30th June 2019. The results were taken on record by the Board of Directors today at a meeting held in Mumbai.

Reporting an impressive 19% growth, **Revenue From Operations** stood at Rs. 493 Crores, up from Rs. 415 Crores in the corresponding Quarter last year. INOX's aggressive screen addition and relentless efforts in enhancing the overall cinema viewing experience, with focus on Luxury, Service and Technology were the critical factors behind driving a handsome revenue growth. **Footfalls** at INOX properties rose by 11% as content continued to gain strength with massive hits like Avengers Endgame and Kabir Singh proving to be decisive contributors.

The rigor on the advertising business front has delivered yet another Quarter of growth. **Advertising Revenues** witnessed a 18% jump to the tune of Rs. 47 Crores, up from Rs. 40 Crores in Q1, FY19 despite the Quarter being loaded with sporting events. Identification of new advertiser segments and an approach of co-strategizing integrated campaigns with clients have been the major factors behind yet another fruitful Quarter for INOX.

The company has added 21 screens in the First Quarter so far, depicting its commitment. INOX continued its focus on technology and formats with the roll out of MX4D® Theatre Effects in Q1 and ScreenX in July '19.

Siddharth Jain, Director – INOX Group adds, “We are proud to deliver yet another Quarter of growth. The strong and robust performance of Q1, which follows a historic Q4 and full fiscal of FY19, underlines our consistent focus on guest experience as well as profitability. We are happy to have maintained the previous year's meticulousness on screen additions, with 4 new properties and 21 new screens, and we will continue to remain aggressive on that front. FY20 has already seen us signing up and rolling out new technologies and we will remain eager to enhance experience through various interventions like MX4D & ScreenX. We are grateful to all our stakeholders for their continued faith, which inspires us to keep delivering on our promises and surpassing their expectations. We are sure about maintaining the momentum and focus on innovativeness.”
