THE FUTURE AWAITS YOU

The goals and decisions you pursue today will take you to the next level. If your decision is to be “Tomorrow’s Great”, you should join SLIIT Uni, a globally recognised Institute

BE SMART. BE WISE

“The Future Awaits you” is determined by your next level of education in the fields of;

COMPUTING | BUSINESS | ENGINEERING | HUMANITIES AND SCIENCES | ARCHITECTURE

- ▶ Scholarships worth over Rs. 50 Million
- ▶ A grant of Rs. 120 Million for new scientific research
- ▶ Internationally accredited lecture panel
- ▶ Educational facilities of international standards

MESSAGE FROM THE DEAN

DR.
MALITHA WIJESUNDARA
DEAN-FACULTY OF HUMANITIES & SCIENCES

The Faculty of Humanities and Sciences strives to develop professionals in the areas of Biotechnology, Education, Law, Nursing and Psychology. We have invested heavily in developing the infrastructure required for our programmes including state-of-the-art laboratories, smart classrooms, access to e-repositories and reference books. Currently the Faculty offers 8 programmes related to the above areas and intends to increase up to 15 in the near future.

The Faculty currently has six state-of-the-art laboratories namely, Biochemistry and Molecular Biology, Tissue Culture, Physics, Nursing Skills, Nutrition and Anatomy. All of these laboratories are well equipped to aid research and laboratory practical lessons of the Science related programmes. In addition the Faculty also operates a Greenhouse in terms of a hi-tech agriculture system (Vertical Farming) to aid the teaching and research of the Biotechnology programme. The Greenhouse was established following the award of the largest Research Innovation and Commercialization (RIC) grant offered by the World Bank funded Accelerating Higher Education Expansion and Development (AHEAD) operations to a non-state higher education institute in the country.

Our degree programmes have been designed with the consultation of our well-experienced and qualified panel of academics and industry experts. The Faculty consists of a panel of eminent academics which includes, Prof. Colin Peiris, Professor in Biotechnology and Emeritus Professor of University of Peradeniya, Prof. Sriyani Peiris, Professor of Biotechnology and Emeritus Professor of University of Peradeniya. Prof. Denzil Rosa, Professor in Physics of University of Colombo, Prof. Naganathan Selvakkumaran, Professor in Law and Legal studies of University of Colombo.

The aim of the Faculty is to groom a well-balanced student with high level of employability with strong 21st Century skills. The Faculty encourages students to take part in extracurricular activities conducted in the campus in addition to the academic work they carryout in order to achieve the above aim.

We encourage you to join the Faculty of Humanities and Sciences to experience a complete university environment and be a part of a vibrant student body

FACULTY OF HUMANITIES & SCIENCES

The Faculty of Humanities and Sciences is the latest addition at SLIIT that offers the widest range of programmes offered by a Faculty within the Campus.

THE FACULTY OFFERS PROGRAMMES IN THE AREAS OF

BIOTECHNOLOGY

EDUCATION

LAW

NURSING

PSYCHOLOGY

FINANCIAL MATHEMATICS & APPLIED STATISTICS

The Faculty has established both local and foreign affiliations to provide the students with the options of selecting the recognition of their degree programmes. The Faculty also has an experienced and continuously expanding panel of 31 full-time academics including 10 PhDs and 5 Professors.

DEGREES - SLIIT BED/BSC HONOURS DEGREES

Duration	:	4 Years
Entry	:	February / June / September
Location	:	Malabe
Offered	:	Weekdays
Examinations	:	Weekdays / Weekends

ACADEMIC & PROFESSIONAL RECOGNITION

Approved by Ministry of Higher Education Sri Lanka
Member of the Association of Commonwealth Universities (ACU) Member International Association of Universities (IAU)

BSC (HONS) IN BIOTECHNOLOGY

ABOUT THE PROGRAMME

Faculty of Humanities and Sciences offers BSc (Hons) in Biotechnology for those who wish to pursue a career in the biotechnology industry and in academia. The programme provides appropriate theoretical and practical knowledge through lectures, laboratory experiments, research, industrial experience, field visits and internship programmes.

ENTRY REQUIREMENTS

Local A/L: Minimum of 3 "S" passes obtained from any combination of the following subjects: Biology, Chemistry, Physics, Combined Mathematics, Higher Mathematics, Agricultural Science, Science for Technology, Bio Systems Technology, Agro Technology or Bio-Resource Technology in one and the same sitting.

Cambridge/Edexcel A/Ls: Minimum of 3 "D" passes obtained from any combination of the following subjects: Biology, Chemistry, Physics, Mathematics or Further Mathematics in one and the same sitting.

Applicants should also pass the Aptitude Test conducted by SLIIT.

WHY CHOOSE?

- The Academic Staff - The degree programme staff are both experienced and contemporary, with many years of teaching at national and international universities.
- The degree has been listed, first and foremost, locally developed and accredited/approved by the Ministry of Education/UGC and offered in a non-state institute (SLIIT).
- Covers a wide array of areas including Plant agriculture, animal science, environmental management, food innovation, bioinformatics, genomics/proteomics, genetic engineering, molecular biology, microbiology, healthcare, beauty care, pharmaceuticals, and, diagnostics.
- Development of advanced modules, teaching and research practicums, and electives allowing students to take ownership of their own learning to meet their individualised goals in more focused areas of practice.
- Breadth and depth of industry affiliations, nationwide - helps internship, research projects and career opportunities.
- A curriculum that reflects hours of instruction to afford a more independent learning environment.

CAREERS

Academia & Research

- University Lecturers / Academics
- Research Scientists

Medical Sector

- Medical Laboratory Managers
- Diagnostic Laboratory Technologists

Biotechnologists in

- Pharmaceuticals
- Agriculture & Agrotechnology
- Environmental Biotechnology
- Food Science & Nutrition
- Forensic Science & DNA Profiling

Bioinformaticians

Quality, Regulation & Manufacturing

- Quality Assurance (QA) Officers
- Quality Control (QC) Analysts
- Regulatory Affairs Specialists
- Production Managers in the Biotech Industry

Science Communication & Outreach

- Science Journalists/Writers / Editors

Entrepreneurship & Innovation

- Biotech Start-up Founders
- Innovation Managers

YEAR ONE**SEMESTER 01**

BT1112	Analytical and Physical Chemistry	02
BT1121	Analytical and Physical Chemistry Laboratory	01

BT4813	Forensic in Biotechnology (Optional)	03
BT4828	Research Project	08
BT4833	Internship	03

BSC (HONS) IN FINANCIAL MATHEMATICS & APPLIED STATISTICS

ABOUT THE PROGRAMME

This is a unique degree in Sri Lanka which covers major sections of Mathematics, Statistics, Accounts, Economics and IT. The course has been designed for those who are interested in learning about the recent applications of mathematics and statistics to the financial sector and pursuing a career as an actuary. An actuary is a mathematician responsible for estimating risks, mainly in the insurance, banks and financial security industries, but in any organization. Actuarial Science is a discipline that assesses financial risks in the insurance and finance fields, using mathematical and statistical methods. Actuarial Science applies the mathematics of probability and statistics to define, analyze, and solve the financial implications of uncertain future events.

We develop our course modules very often so that the students can complete a few modules of the professional examinations in Actuarial Science before they graduate. The details of course modules can be seen on the SLIIT website.

A new module, "Artificial Intelligence and Machine Learning in Financial Decision Making" has been introduced as a non-GPA subject with effect from the 2022 batch. At the end of the first semester of the third year, there is a six-month industrial training for students in insurance companies, state and private banks, hotels, data analyses companies, research institutes and other private organizations in addition to the six-credit research project in the fourth year.

The Bureau of Labor statistics projects that employment of actuaries will grow by 23% from 2022 which is considerably faster than the average for all occupations. The actuaries consistently rank as one of the top business jobs, top Science, Technology, Engineering and Mathematics (STEM) jobs, and top paying jobs in the world. Thus, there is a growing need for graduates of Financial Mathematics and Applied Statistics who can put their specialist skills to use in creating new and innovative tools and systems and solving various types of risks faced by finance and insurance companies.

Those who complete the first two years can transfer to Butler University, USA, to obtain the BS in Actuarial Science. Students will not be required to take an English Language proficiency exam such as TOEFL or IELTS. The tuition fee is currently reduced by 40% for SLIIT students and they can work for 12 months under Optional Practical Training (OPT), and for STEM fields, students can work up to 2 more years after OPT under an appropriate job offer related to the degree. Furthermore, we have a 2+2 program with Bond University in Australia.

ENTRY REQUIREMENTS

Local A/Ls: Minimum of 3 "S" passes in any stream (covering Combined Mathematics) in one and the same sitting.

Cambridge/Edexcel A/Ls: Minimum of 3 "D" passes in any stream (covering Mathematics) in one and the same sitting.

Applicants should also pass the Aptitude Test conducted by SLIIT.

• SPECIALISING IN ACTUARIAL SCIENCE • SPECIALISING IN APPLIED ECONOMETRICS

CAREERS

- Actuarial Analyst
- Business Analyst
- Budget Analyst
- Enterprise Risk Actuary
- Financial Analyst
- Insurance Underwriter
- Insurance Claims Adjuster
- Insurance Actuary
- Investment Banker
- Life insurance Actuary
- Property and Casualty Insurance Actuary
- Pension and Retirement Benefits Actuary

MA4423	Stochastic Calculus	03
MA4433	Econometrics	03
MA4443	Statistical Learning	03
MA4453	Actuarial Mathematics II	03
MA4463	Bayesian Statistics	03

BSC (HONS) IN PSYCHOLOGY

ABOUT THE PROGRAMME

The BSc Hons (Psychology) programme is a Ministry of Education approved, UGC recognized 4-year degree programme designed to provide students with a comprehensive understanding of the mind and behaviour within the unique cultural context of Sri Lanka. This programme offers an in-depth exploration of human development, cognition, emotion, social behaviour, and mental health, equipping students with the knowledge and skills necessary for meaningful contributions to society.

Emphasizing practical application and cultural relevance, the programme prepares graduates to address the growing mental health needs in Sri Lanka and beyond. Students are trained to apply psychological principles in diverse real-world settings and are encouraged to pursue specialized postgraduate studies or embark on careers in related sub-specialities such as education, counselling, research, special needs education, and other areas of psychology.

Graduates are also equipped with a range of transferable skills—including critical thinking, problem-solving, and effective communication—that enable them to thrive in various industries, making this degree a versatile foundation for a rewarding career in both psychology and interdisciplinary fields.

ENTRY REQUIREMENTS

Local A/Ls: Minimum of 3 "S" passes in any stream in one and the same sitting and a "S" pass for General English in A/Ls.

Cambridge/Edexcel: Minimum of 3 "D" Passes in any subject stream

Applicants should also pass the Aptitude Test conducted by SLIIT, and the Interview conducted by the School of Psychology, SLIIT.

CAREERS

- Clinical Psychologist
- Counseling Psychologist
- Psychotherapist
- Marital & Family Counselor
- Psycho-social Worker
- Mental Health Researcher
- Addiction Counselor
- Child Psychologist
- Educational Psychologist
- School Counselor
- Special Needs Teacher
- Early Childhood Specialist
- Business Psychologist
- HRM Consultant
- HR Researcher
- Marketing Strategist
- Ergonomics Specialist
- Corporate Trainer
- Brand Consultant

PSY4263	Psychology in Education	03

BSC (HONS) IN BIOMEDICAL SCIENCE

ABOUT THE PROGRAMME

Biomedical Science (BMS) is an interdisciplinary area of study, that combines aspects of Biology and Medicine. The training in BMS equips an individual with skills, attitudes and knowledge to find answers to critical issues in healthcare and disease. The main focus of BMS is the etiology (cause) of diseases that impact human life, effective disease diagnostics, and necessary treatment.

The SLIIT BSc (Hons) in Biomedical Science degree programme is based on theory and lab classes on the human body; for example, structure of the body and how it develops (anatomy), how organs and cells work together to keep us healthy (physiology), the structure and function of biological molecules (biochemistry, genetics, molecular biology), how microorganisms cause disease (microbiology), how the body defends us (Immunology), how we use drugs to treat disease (pharmacology) etc.

ENTRY REQUIREMENTS

Local A/Ls: Minimum of 3 "S" passes in the Biological Science stream.

Cambridge/Edexcel A/Ls: Minimum of 3 "D" passes in the Biology stream.

Applicants should also pass the Aptitude Test conducted by SLIIT.

WHY CHOOSE?

- Build a strong foundation through theory in biology, medicine, and health sciences.
- Apply your knowledge in laboratory classes, gaining practical skills with modern techniques.
- Gain real-world experience through an internship in hospitals, labs, or industry.
- Explore discovery and innovation by completing your own research project.

CAREERS

- Biomedical Scientist/ researcher
- Clinical Laboratory Scientist
- Pharmaceutical Scientist
- Toxicologist
- Genetic Counselor
- Clinical Trial Coordinator
- Pathologist
- Medical Physicist
- Immunologist
- Molecular Biologist
- Epidemiologist
- Bioinformatician
- Neuroscientist
- Biotechnology Product Developer
- Regulatory Affairs Specialist
- Medical Science Liaison
- Quality Control Analyst
- Forensic Scientist
- University Lecturer
(Upon completion of postgraduate training - MSc, MPhil, PhD)

---------	------------------	----

BEd (Hons) EDUCATION DEGREES

The Bachelor of Education Degree Programme expects to upgrade the academic knowledge and professional competencies of student teachers. Highly skilled teachers are one of the single most important influences on student success. The Bachelor of Education programme at SLIIT

attempts to meet current needs of the national education system by keeping abreast of the needs of the 21st century and the new challenges brought about by information technology.

BACHELOR OF EDUCATION (HONS) DEGREE PROGRAMMES

BACHELOR OF EDUCATION (HONS) IN INFORMATION TECHNOLOGY

The BEd (Hons) in Information Technology (IT) is a four year full-time degree programme. In the four years of study, we provide a balance between both theoretical and practical essence of Information Technology and Education related subjects.

BACHELOR OF EDUCATION (HONS) IN PHYSICAL SCIENCES

Upon completion of the BEd (Hons) in Physical Sciences, the graduates will be able to specialize in methods to teach subjects, namely Physics and Mathematics in secondary schools including G.C.E. Advanced Level classes

BACHELOR OF EDUCATION (HONS) IN BIOLOGICAL SCIENCES

The BEd (Hons) in Biological Sciences specializes in methods to teach subjects of Biology and Chemistry in secondary schools including G.C.E. Advanced Level classes

BACHELOR OF EDUCATION (HONS) IN ENGLISH

The BEd (Hons) in English aims to produce teachers who are competent to teach English language and Literature in secondary schools including G.C.E. Advance Level classes

BACHELOR OF EDUCATION (HONS) IN SOCIAL SCIENCES

The BEd (Hons) in Social Sciences is a four year full-time degree programme. In the four years of study we provide a balance between both theoretical and practical essence of Social Sciences and Education related subjects.

PROFESSIONAL AREAS COVERED IN THE PROGRAMME

- Deeper understanding of students and their learning strategies
- Principles of education
- Psychological needs of children in the context education
- Professionalism in teaching (teaching as a profession)
- New trends in education Education for the 21st Century
- Smart teaching and learning
- Deeper understanding of the role of the teacher and teaching strategies
- Use of ICT in education
- Educational technology
- Teacher vs. student centered learning
- Classroom management
- Testing and evaluation in education

BEd (Hons) IN INFORMATION TECHNOLOGY (IT)

The BEd (Hons) in Information Technology (IT) is a four year full-time degree programme. In the four years of study, we provide a balance between both theoretical and practical essence of Information Technology and Education related subjects. This degree run alongside courses focusing on developing educational skills essential for teaching subjects related to IT at the secondary schools including Advanced Level classes. Our Bachelor of Education graduates are sought after by both public and private sector institutions and will be acceptable locally and globally.

WHY CHOOSE IT ?

- Be a professional Secondary school teacher in IT
- 10 weeks of teaching practicum in a school setting
- Covers the contents of PG Diploma in Education in addition to Information Technology
- Taught in English medium which opens postgraduate pathways.
- Opportunities in State schools, International schools, overseas schools.

CAREER OPPORTUNITIES

- English medium teaching opportunities in State and Private sector
- Lecturers in Non-commissioned Offices in Education System
- University Lecturer
- Sri Lanka Education Administrative Service Officers
- Overseas teaching opportunities
- Project officers in educational projects funded by International Organizations

ADMISSION CRITERIA AND EVALUATION PROCEDURE

An applicant fulfills the minimum eligibility requirements to be admitted to the approved programme leading to Bachelor of Education Honours in Information Technology (BEd Hons (IT)), if he/she has the following qualifications:

- Pass in three subjects at the G.C.E Advanced Level Examinations (Local BEd or London or equivalent) obtained at one and the same sitting in any Subject Stream and
- A pass in the Aptitude Test conducted by the Institute.

YEAR ONE SEMESTER 01	P1	Psychological Bases of Education	03
	G1	General English/Foreign Language	03
	A4.11	Introduction to Programming	04
	A4.12	Information Systems and Data Modeling	03
SEMESTER 02	A4.13	Mathematics for Computing	03
	P2	Philosophical and Sociological Bases of Education	03
	P7	Student Counselling	03
	A4.14	Introduction to Computer Systems	04
SEMESTER 02	A4.15	Computer Networks	04
	P3	Planning and Management in Education	03
	G5	Physical Education or Aesthetic Education	02
	A4.21	Computer Graphics and Multimedia	04
SEMESTER 01	A4.22	Software Process Modelling	04
	A4.23	Web Application Development	04
	P4	Assessment and Evaluation of Student Progress	03
	A4.24	Advanced Programming	04
SEMESTER 02	A4.25	Design and Analysis of Algorithms	04
	A4.26	Database Management Systems	04
	P5	Contemporary Education Issues, Problems & Policies	03
	P8	General Strategies of Teaching and Learning	02
YEAR THREE SEMESTER 01	G3	Soft skills - Professional grooming, Presentation skills, and Effective communication	02
	A4.31	Operating Systems	04
	A4.32	Network Design and Management	04
	SEMESTER 02	P6	School Curriculum Theory and Process
P9		Subject Specific Teaching and Learning Methods	02
A4.33		Information Technology Project Management	04
A4.34		Mobile Application Development	04
YEAR FOUR SEMESTER 01	G4	Research Methods	02
	G4	Research Project	06
	G6	Practicum - (Teaching Practice)	06
	A4.41	Modern Topics in IT	04
SEMESTER 02	A4.42	Data Mining and Warehouse	04
	G7	Portfolio (Introduction should be done in Y1/S1)	02
	G4	Research Project	06
	A4.43	Software Quality Assurance	04
SEMESTER 02	A4.44	Artificial Intelligence	04

BEd (HONS) IN PHYSICAL SCIENCES

ABOUT THE PROGRAMME

The BEd (Hons) in Physical Sciences is a four-year full-time degree programme. In the four years of study, we provide a balance between both the theoretical and practical essence of Physics, Mathematics and Education related subjects. This degree runs alongside courses focusing on developing skills essential for teaching Physics and Mathematics at secondary schools, including Advanced Level classes. Our Bachelor of Education graduates are sought after by both public and private sector institutions and will be accepted locally and globally.

WHY CHOOSE?

- Be a professional teacher in Physics and Mathematics.
- 10 weeks of teaching practicum in a school setting.
- The programme covers education modules offered only at the postgraduate level and includes all education-related content required to become a professional teacher. It also incorporates the SLQF Level 8 Postgraduate Diploma in Education curriculum.
- Taught in English medium, which opens postgraduate pathways.
- Opportunities in state schools, international schools, overseas schools.
- Openings in local or foreign funded programmes concerned with education.

ENTRY REQUIREMENTS

Local A/Ls: Minimum of 3 "S" passes including Combined Mathematics & Physics.

Cambridge/Edexcel A/Ls: Minimum of 3 "D" passes including Mathematics & Physics.

Applicants should also pass the Aptitude Test conducted by SLIIT.

CAREERS

- English medium teaching opportunities in the State and Private Sector
- University Lecturers
- Sri Lanka Education Administrative Service Officers
- Overseas teaching opportunities
- Project officers in Educational projects funded by International Organisations
- Research assistants, programme officers, curriculum developers etc. in local or foreign funded programmes concerned with education.
- Pension and Retirement Benefits Actuaries
- Qualified to sit competitive examinations held to fill various government positions.

BEd (HONS) IN BIOLOGICAL SCIENCES

ABOUT THE PROGRAMME

The BEd (Hons) in Biological Sciences is a four-year full-time degree programme. This degree demonstrates command and understanding of the subject matter related to Biology and Chemistry disciplines and teaching principles to exhibit professional competence in teaching Biology and Chemistry for secondary classes including Advanced Level. The graduates will be able to utilise different generic skills in teaching and learning and display commitment to teaching with a professional and ethical attitude with a global perspective. The students are expected to engage in a compulsory teaching practice of at least 10 weeks in a school setting, in addition to conducting a research study; as requirements for the completion of the degree programme.

ENTRY REQUIREMENTS

Local A/Ls: Minimum of 3 "S" passes including Biology & Chemistry.

Cambridge/Edexcel A/Ls: Minimum of 3 "D" passes including Biology & Chemistry.

Applicants should also pass the Aptitude Test conducted by SLIIT

WHY CHOOSE?

- Be a professional teacher in Biology and Chemistry.
- 10 weeks of teaching practicum in a school setting.
- The programme covers education modules offered at the postgraduate level and includes all education-related content required to become a professional teacher. It also incorporates the SLQF Level 8 Postgraduate Diploma in Education curriculum.
- Taught in English medium, which opens postgraduate pathways.
- Opportunities in state schools, international schools, overseas schools and highereducation institutions.
- Openings in local or foreign funded programmes concerned with education.
- Gain a recognized and accredited (by UGC Sri Lanka) qualification to teach

CAREERS

- English medium teaching opportunities in the State and Private sector
- University Lecturers
- Sri Lanka Education Administrative Service Officers
- Overseas teaching opportunities
- Project officers in Educational projects funded by International Organisations
- Research assistants, programme officers, curriculum developers etc. in local or foreign funded programs concerned with education.
- Qualified to sit the competitive examinations held to fill various government positions

BEd (HONS) IN ENGLISH

ABOUT THE PROGRAMME

The BEd (Hons) in English is a four-year full-time degree programme. This programme is aimed at developing professional teachers to teach English Language and English Literature as subjects in secondary schools up to the GCE Advanced Level and tertiary-level programmes, including those offered by universities. Graduates can find employment in both general and higher education sectors. It provides a balance between the disciplines of English Language, Literature and Education. The initial two years of the study programme intend to lay a solid foundation in the field of English Language, English Literature and Education studies while the last two years focus more on the practical aspects of teaching English Language and Literature.

The students are expected to engage in a compulsory teaching practice of at least 10 weeks in a school setting, in addition to conducting a research study; as requirements for the completion of the degree programme. The programme thus ensures that the students develop a thorough subject knowledge and obtain adequate training and practice in teaching English in order to become professionally qualified, competent teachers of English.

WHY CHOOSE?

- Gain a recognized and accredited (by UGC, Sri Lanka) qualification to teach English.
- Obtain a thorough knowledge on English Language, English Literature and Teaching English as a Second Language (TESL).
- Availability of 2+2 transfer options to overseas universities.
- Pursue postgraduate studies in language and/or education.
- Openings in local or foreign funded programmes concerned with education.
- The programme covers education modules offered only at the postgraduate level and includes all education-related content required to become a professional teacher. It also incorporates the SLQF Level 8 Postgraduate Diploma in Education curriculum.

ENTRY REQUIREMENTS

Local A/Ls: Minimum 3 "S" pass in any stream in English medium.

Cambridge/Edexcel A/Ls: Minimum 3 "D" passes with English/English Literature as a main subject.

Applicants should also pass the Aptitude Test conducted by SLIIT.

Any other equivalent qualification considered by the SLIIT.

CAREERS

- English medium teaching opportunities in the State and Private sector
- University Lecturers
- Sri Lanka Education Administrative Service Officers
- Overseas teaching opportunities
- Project officers in Educational projects funded by International Organisations
- Research assistants, programme officers, curriculum developers, etc. in local or foreign funded programmes concerned with education.
- Qualified to sit competitive examinations held to fill various government positions.

BEd (HONS) IN SOCIAL SCIENCES

ABOUT THE PROGRAMME

The BEd (Hons) in Social Sciences is a four-year full-time degree programme. In the four years of study, we provide a balance between both theoretical and practical essence of Social Sciences and Education related subjects. This degree runs alongside courses focusing on developing skills essential for teaching subjects related to Social Sciences at secondary schools, including Advanced Level classes. Our Bachelor of Education graduates are sought after by both public and private sector institutions and will be accepted locally and globally. The students are expected to engage in a compulsory teaching practice of at least 10 weeks in a school setting, in addition to conducting a research study; as requirements for the completion of the degree programme.

WHY CHOOSE?

- Be a professional secondary school teacher in Social Sciences.
- 10 weeks of teaching practicum in a school setting.
- The programme covers education modules offered only at the postgraduate level and includes all education-related content required to become a professional teacher. It also incorporates the SLQF Level 8 Postgraduate Diploma in Education curriculum.
- Taught in English medium, which opens postgraduate pathways.
- Opportunities in state schools, international schools, overseas schools.
- Openings in local or foreign funded programmes concerned with education.
- Gain a recognized and accredited (by UGC Sri Lanka) qualification to teach English.

ENTRY REQUIREMENTS

Local A/Ls: Minimum of 3 "S" passes including Biology & Chemistry.

Cambridge/Edexcel A/Ls: Minimum of 3 "D" passes including Biology & Chemistry.

Applicants should also pass the Aptitude Test conducted by SLIIT

CAREERS

BA (HONS) IN ENGLISH STUDIES

ABOUT THE PROGRAMME

BA (Hons) in English Studies offers modules addressing the theoretical and practical foundations of language, literature, stylistics, critical thinking, communication, and soft skills in English. The degree programme will focus on students mastering the linguistic and communicative skills required in a wide spectrum of employment in the educational, cultural, aesthetic, mass media, commercial, legal, administrative, current affairs, managerial, and public relations sectors. By attending lectures and seminars, taking part in group presentations, classroom discussions, workshops, and job-oriented internships, and producing classroom and take-home assignments, the students are supposed to gather hands-on expertise in the chosen areas of specialization.

ENTRY REQUIREMENTS

Local A/Ls: Minimum of 3 "S" passes with English as a main subject OR minimum of 3 "S" passes in any stream in English Medium.

Cambridge/Edexcel A/Ls: Minimum of 3 "D" passes with English/English Literature as a main subject OR minimum of 3 "D" passes in any stream.

Applicants must pass the aptitude test conducted by SLIIT.

WHY CHOOSE?

- Be a professional in versatile career paths, ranging from university and school teaching to content creation, translating, publishing, marketing, event management, public relations, engaging in foreign service and freelance writing.
- Be prepared for dynamic roles in the digital age, from web content to strategic communication.
- Develop advanced written and verbal communication skills—essential for leadership, negotiation, and collaboration, which are highly valued in the global workplace.
- Be well-versed in the rich heritage of English literature, including works from diverse cultures and historical periods, deepening your understanding of human experiences and fostering empathy.
- Obtain an ideal foundation for postgraduate programs in education, law, media, creative writing, or humanities.
- Acquire an AI-proof skill set with indispensable human-centered skills such as creative expression, interpretation, and ethical reasoning.
- Immerse yourself in a degree programme that offers a unique blend of analytical rigor and creative expression, while fostering curiosity, imagination, and the joy of exploration—traits that enrich life far beyond your career.

BSC (HONS) IN PSYCHOLOGY - LJMU, UK

ABOUT THE PROGRAMME

Psychology is the study of the mind and behaviour of humans and animals. It is a broad field that encompasses a wide range of topics, including human development, cognition, emotion, and social behaviour. The field of Psychology is increasingly in demand worldwide.

There is an increasing global need for trained professionals in the field of Psychology. Psychology and its teachings can be applied in many day-to-day life settings, and trained professionals are able to apply the findings and principles of Psychology effectively in diverse fields. An individual with a Psychology degree has the option of opting for postgraduate level studies or to work within and outside of Psychology depending on their interests and skills. Individuals with postgraduate level qualifications will be eligible to engage in rewarding careers as Psychologists in specialised sub-disciplines in Psychology.

WHY CHOOSE?

- Full-time, dedicated faculty ensuring strong academic support and continuous guidance.
- Covers key areas of psychology and essential foundation modules, ensuring smooth study transferability.
- Offers assured options to transfer to the UK for your final year of study.

ENTRY REQUIREMENTS

Local A/LS: Minimum of 3 "S" passes in any stream

Cambridge/Edexcel A/LS: Minimum of 3 "D" passes in any stream
OR

Successful completion of a Foundation programme accepted by SLIIT

AND pass the Aptitude Test conducted by SLIIT, and Interview conducted by the School of Psychology, SLIIT.

This programme will be offered at the Colombo Campus.

LLB (Hons)

ABOUT THE PROGRAMME

The four-year (full-time) LLB programme offered by SLIIT is approved by the Ministry of Higher Education and provides a comprehensive legal education that combines both in-depth theoretical and practical knowledge. The curriculum is designed to produce competitive legal professionals equipped to excel in various areas of law. Based on their preferences, the programme allows the students to take either a research oriented or a practice-oriented approach to study in its final year through options of dissertation and internship.

Students have the opportunity to specialize in key fields like public law, civil law, and commercial law. Additionally, the programme explores emerging branches of law such as information technology law, international investment law, health law and education law, reflecting the evolving nature of the legal profession and offering a wide array of pathways for specialization.

WHY CHOOSE?

- Obtain LLB (Hons) from Sri Lanka's No. 01 non state university.
- Become a highly skilled and competent legal professional.
- Acquire in-depth theoretical and practical knowledge of law.
- Specialize in areas of law of your choice (such as public law, civil law, commercial law and international law)
- Acquire knowledge on a wide range of areas including emerging branches of law (such as information technology law, international investment law, health law and education law)
- Choose a research-oriented or a practice-oriented approach to study in the final year through optional modules of dissertation and internship.
- Learn from a highly qualified and experienced panel of lecturers in a university environment

ENTRY REQUIREMENTS

Two (2) Credit (C) passes and one (01) Simple Pass (S) in any Stream in one and the same sitting at the G.C.E (Advanced Level) Examination conducted by the Department of Examinations of Sri Lanka or equivalent qualification and a Credit pass (C) in the English Language and a Credit pass (C) in the Sinhala or Tamil Language at the G.C.E (Ordinary Level) examination conducted by the Department of Examination of Sri Lanka or equivalent qualification and pass the Aptitude Test conducted by SLIIT and the Interview conducted by the School of Law, SLIIT.

CAREERS

An LLB (Hons) degree can open a variety of career pathways both locally and globally. Some of the career pathways available for law graduates include working as:

- Attorneys-at Law of the private bar
- State Counsels of the Attorney General's department
- Judges in Courts of law
- Officers of Government Departments and Ministries including Attorney General's Department and Legal Draftsman's Department
- Instructing Attorneys or Counsels at Law Firms
- Legal officers in private companies and banks
- Politicians
- Academics or researchers
- Officers in NGOs and international organizations (such as the UN, Red Cross, etc.)
- Officers at Legal Processing Outsourcing Companies (LPOs)
- Professional Arbitrators
- Professional Negotiators
- Professional Mediators

LLB (HONS) LAW - LJMU, UK

ABOUT THE PROGRAMME

The Faculty offers a fully-franchised LLB (Hons) Law programme in affiliation with Liverpool John Moores University, UK to provide students with a competitive qualification that they would need to pursue employment in the field of law and legal studies. The three (3) year LLB (Hons) degree programme seeks to transform undergraduates into legal professionals who can compete not only locally but also globally. It consists of core modules which provide students with a firm grasp of the fundamentals of English law, and optional modules which give the students an opportunity to acquire knowledge in specialised areas of law such as human rights, commercial law, international law etc. The degree offers a variety of industry-focused modules such as clinical legal education, mediation skills and practice, negotiation skills and practice that allow students to gain specialist skills and knowledge required for successful careers in the legal field.

ENTRY REQUIREMENTS

Local A/Ls: Minimum of 3 "S" passes in any stream & a "C" pass for O/L English AND pass an Interview conducted by the School of Law, SLIIT.

Cambridge/Edexcel A/Ls: Minimum of 3 "D" passes in any stream & a "C" pass for O/L English AND pass an Interview conducted by the School of Law, SLIIT.

Applicants should also pass the Aptitude Test conducted by SLIIT

To apply to the Sri Lanka Law College to sit for the Special Entrance Examination held in respect of any year, a candidate is required to have obtained two credit (C) passes and one simple pass in one and the same sitting at the G.C.E A/Ls Sri Lanka or London and to possess Credit passes in O/L English and in Sinhala or Tamil Languages at the G.C.E O/Ls Sri Lanka or London or an examination recognized by the Department of Examinations of Sri Lanka as equal to the above examination.

WHY CHOOSE?

- Obtain an LLB from a World Ranking UK University, here in Sri Lanka
- Become a globally recognized legal professional
- Listed as a Qualifying Law Degree (QLD) by the Solicitors Regulatory Authority (SRA), UK.
- Approved by the Council of Legal Education, Sri Lanka, providing a pathway for local legal practice.
- Acquire specialist knowledge in areas of law of your choice (such as Human Rights, mediation, negotiation, Commercial Law and International Law).
- Learn from a highly qualified and experienced panel of lecturers in a university environment.
- Includes subjects from rapidly evolving areas of law, such as negotiation and mediation, relevant both locally and globally.

This programme will be offered at the Colombo Campus.

CAREERS

An LLB (Hons) degree can open a variety of career pathways both locally and globally. Some of the career pathways available for law graduates include working as:

- Attorneys-at Law of the private bar
- State Counsels of the Attorney General's department
- Judges in Courts of law
- Officers of Government Departments and Ministries including Attorney General's Department and Legal Draftsman's Department
- Instructing Attorneys or Counsels at Law Firms
- Legal officers in private companies and banks
- Politicians
- Academics or researchers
- Officers in NGOs and international organizations (such as the UN, Red Cross, etc.)
- Officers at Legal Processing Outsourcing Companies (LPOs)
- Professional Arbitrators
- Professional Negotiators
- Professional Mediators

HIGHER DIPLOMA IN NURSING

ABOUT THE PROGRAMME

This programme aims to produce nursing professionals who will be able to practice both locally and internationally. The students will be trained by an experienced panel of lecturers from the nursing field. Those who successfully complete the 3-year Higher Diploma in Nursing will be able to enter the final year of the Bachelor of Nursing programme at Deakin University, Australia.

ENTRY REQUIREMENTS

Local A/Ls: Minimum of 3 "S" passes obtained from one of the following subject streams: Biological Science, Physical Science, Bio Systems Technology or Engineering Technology streams AND an Interview by the School of Nursing, SLIIT.

Cambridge/Edexcel A/Ls: Minimum of 3 "D" passes obtained from any combination of the following subjects: Biology, Chemistry, Physics, Mathematics, Further Mathematics, Psychology, Computer Science or Information Technology AND an Interview by the School of Nursing, SLIIT.

Successful completion of a Foundation programme accepted by SLIIT.

Applicants should also pass the Aptitude Test conducted by SLIIT.

ENTRY REQUIREMENTS

- After the completion of the 3-year Higher Diploma programme, students will be able to travel to Australia to enter the final year of the nursing degree programme at Deakin University.
- Students who complete the Nursing degree at Deakin University are eligible to apply for registration as a registered nurse (RN) at Nursing and Midwifery Board of Australia.
- A panel of experienced high-quality lecturers from the field of Nursing
- Availability of skills lab with modern state-of-the-art facilities
- Practical exposure will be in leading private sector hospitals in Sri Lanka
- Teaching and Learning are facilitated through an attractive Learning Management System at SLIIT.
- School of Nursing is registered with the Private Health Sector Regulatory Council (PHSRC).
- SLIIT School of Nursing is recognised as a government-approved Nursing School
- Higher Diploma in Nursing programme has (TVEC) accreditation of NVQ Level 6

SCIENCE LABORATORIES

The state of the art science laboratories in the Faculty of Humanities and Sciences, SLIIT are comprised of equipment of cutting-edge technology to create advanced knowledge in teaching and research. The laboratory atmosphere itself motivates science students to carry out the practical of their enrolled modules with high enthusiasm. These laboratories are adequately equipped to facilitate staff research in M.Phil, Ph.D and postdoctoral levels.

THE FOUR LABORATORIES,

- BIOCHEMISTRY
- MOLECULAR BIOLOGY
- TISSUE CULTURE
- PHYSICS LABORATORIES
- NURSING LABORATORIES
- PHYSIOTHERAPIST LABORATORIES

fulfil the requirements of future of science.

The greenhouse, a newly added facility, is a fully automated artificial growing environment, the first in any university in Sri Lanka. It facilitates the students to gain hands on experience in economically important crop cultivation using advanced crop growing systems such as hydroponic and aeroponic techniques. Adding another feature to students' experience the greenhouse will have the automated watering, chemical spraying systems, monitoring of the presence of pests, diseases and nutrient deficiency systems by robotic technology developed by our own SLIIT students.

NURSING SKILLS LABORATORY

Nursing skills laboratory at the School of Nursing, Faculty of Humanities and Sciences of SLIIT which exhibits an ideal clinical set up is a well-equipped laboratory where the nursing undergraduates are facilitated to learn nursing skills. Such lab facilities are required for nursing students to master basic procedures prior to practice on patients in the real clinical setting. The nursing skills laboratory of SLIIT has been established to enhance a unique learning experience by performing simulations with basic and advanced care manikins. Nursing skills laboratory which provides adequate spacing and a comfortable environment with air conditioning for undergraduate nursing students consists of sophisticated adjustable beds, manikins, models, diagrams and other teaching and learning materials, medical and surgical equipment facilitate them to perform simulation based learning which is an essential component of the nursing curricula to be covered before the exposure to the real clinical setting. Multi-media facilities are also available at the skills laboratory for audio and video presentations of nursing skills.

Mr.	Sankaja Amaraweera	BA(Colombo) , MA (Kelaniya)	

BEd/BSc HONOURS GRADES AND REQUIREMENTS

GRADING SYSTEM

SLIIT uses 12 grades in assessing student performance. These are A+, A, A-, B+, B, B-, C+, C, C-, D+, D and E. To obtain a pass in a subject, a student must score a grade 'C' or above. The value of each grade and definition of student performance is shown below.

GRADE	GRADE PTS.	MARKS RANGE
A+	4.00	90 - 100
A	4.00	80 - 89
A-	3.70	75 - 79
B+	3.30	70 - 74
B	3.00	65 - 69
B-	2.70	60 - 64
C+	2.30	55 - 59
C	2.00	45 - 54
C-	1.70	40 - 44
D+	1.30	35 - 39
D	1.00	30 - 34
E	0.00	00 - 29

GRADE POINT AVERAGE (GPA) PER SEMESTER

The GPA is computed by dividing the sum of the products of the number of credits for each course followed and the grade points earned for that course by a student, by the total number of credits for the courses followed during the semester by that student.

CLASS ATTENDANCE

Regular attendance is expected from all students. 80% attendance is necessary as a minimum requirement to sit examinations. Inability to attend classes and/or examinations must be brought to the notice of the Manager of Student Affairs immediately.

WEIGHTED GRADE POINT AVERAGE (WGPA)

The Weighted Grade Point Average is computed by dividing the sum of the products of the number of credits of all the modules followed and the grade points earned for those modules by a student in a year, by the total number of credits for the modules followed that year. This is then multiplied by an appropriate weighting factor and summed up over the total number of years related to the specific academic qualification.
