

Done | Before Go-Live (not yet corrected) | After Go-Live (within the timeframe) | CR

Common (QA | UAT | Improvements)

- Search Icon on the navigation area should be functional.
- Few improvements are still pending.

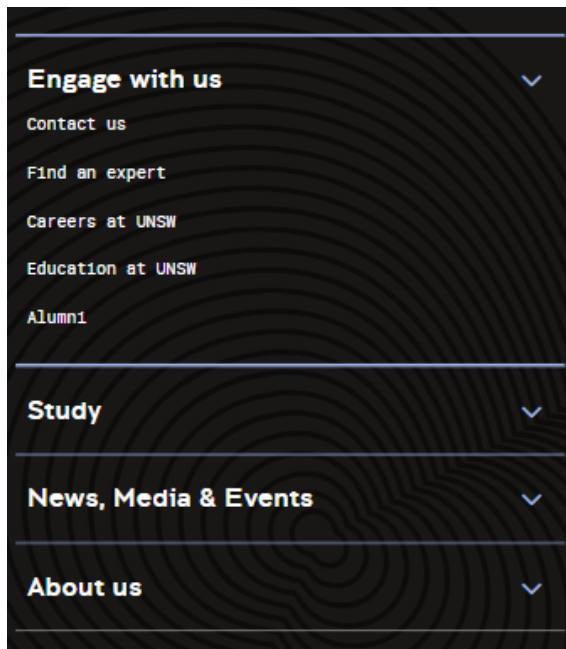

- The front size should be much larger than the current size. Look too small and hard to read.
- Phone number should be linked.
- “Apply Admissions” should be linked to <https://apply.sliit.lk/> and open in a new tab.
- It's better if we can have “day” word in the same line

- Logos are too large on Full HD display and having small gaps between them. Try reducing with little bit. (check the responsive also)

- Footer section in Mobile view.
 - Arrangement should be more organized.
 - “About”, “Life at SLIIT”, “Study” menus should be collapsible menu items in the mobile view
example:

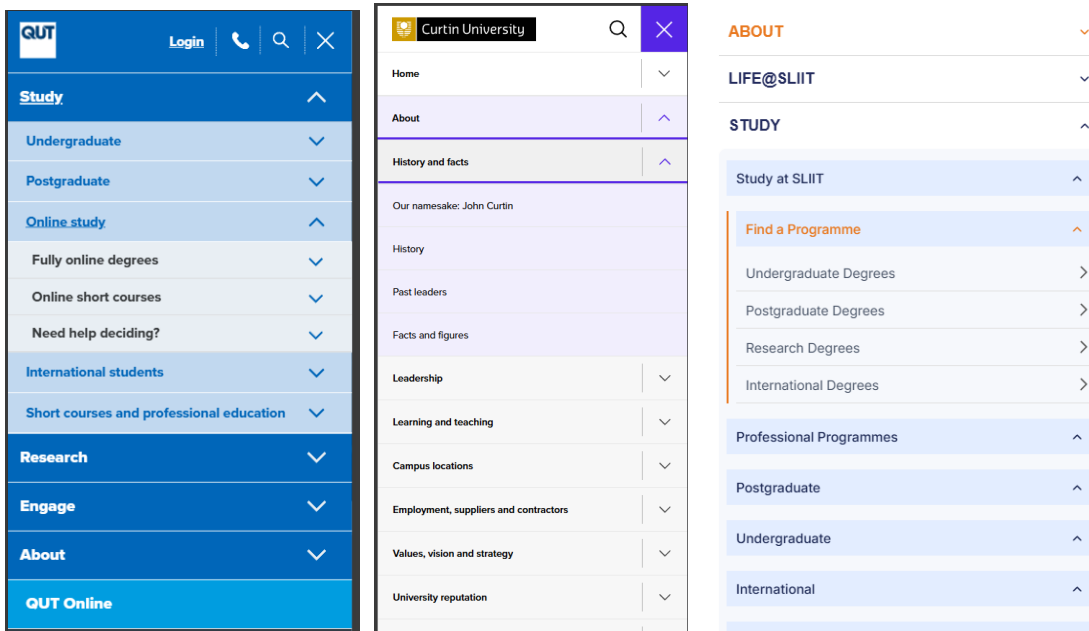

- Better to center align the text.

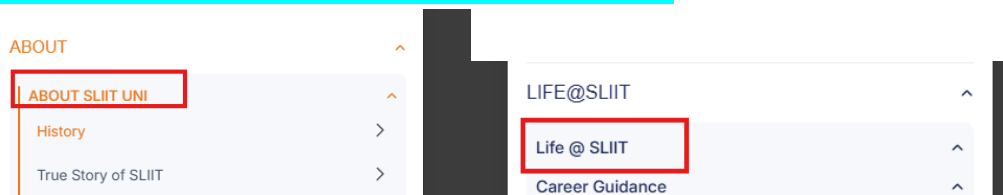

- Mobile header navigation:

- Each level should be visually distinct, clearly indicating parent and child sections within the collapsible menu. Please refer to the examples below for reference and inspiration. Please see the color variations on each level of menu for better visibility.

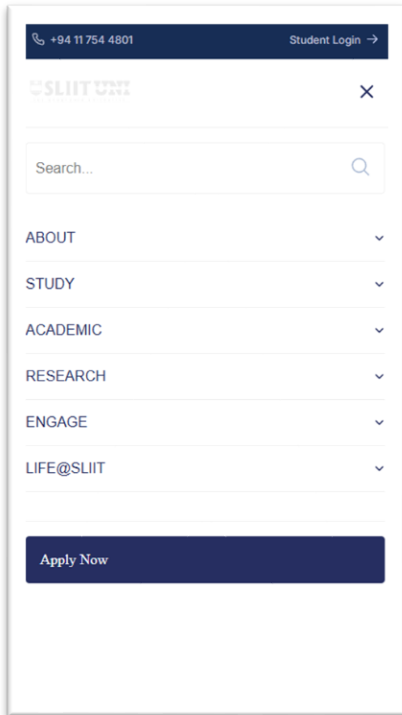

- Some main items are not clickable in mobile version please check. Below are few samples.

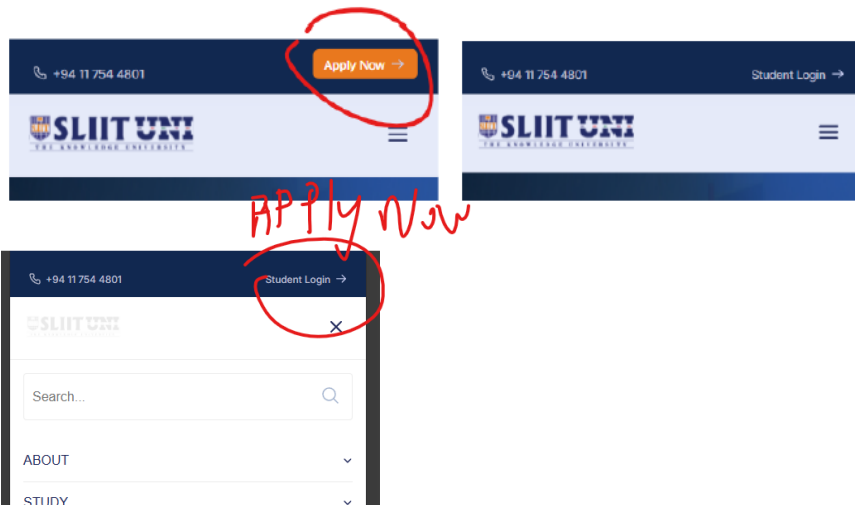

- "Overview tag added even where it is not needed"

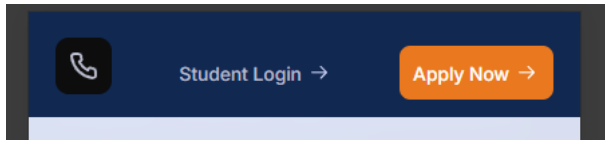

- The current mobile menu design appears a bit plain. The entire area should be enhanced with more style and a vibrant, engaging look to improve the user experience and align with the overall website aesthetic. Provide some prominent search area also, it hardly noticeable.

- In the mobile view header, let's use "Apply Now" button rather than "Student Login". This should apply to mobile navigation panel also which will appear when clicking on hamburger menu

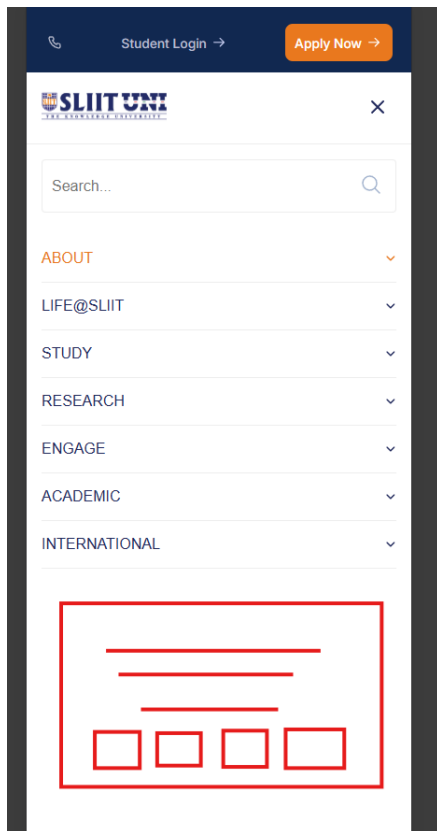

- It's better to improve the visibility of the call icon. Sample below.

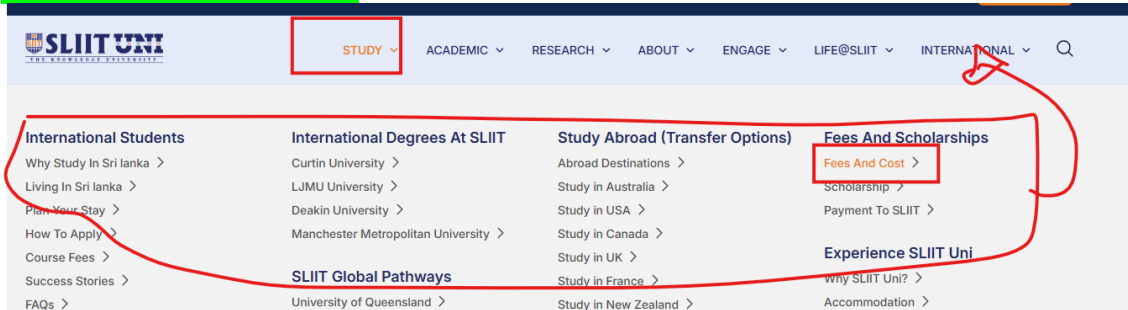

- Below that area, add a new section with the following content, displayed as a separate section.

- Social Media Icons
- Contact: Phone / Email

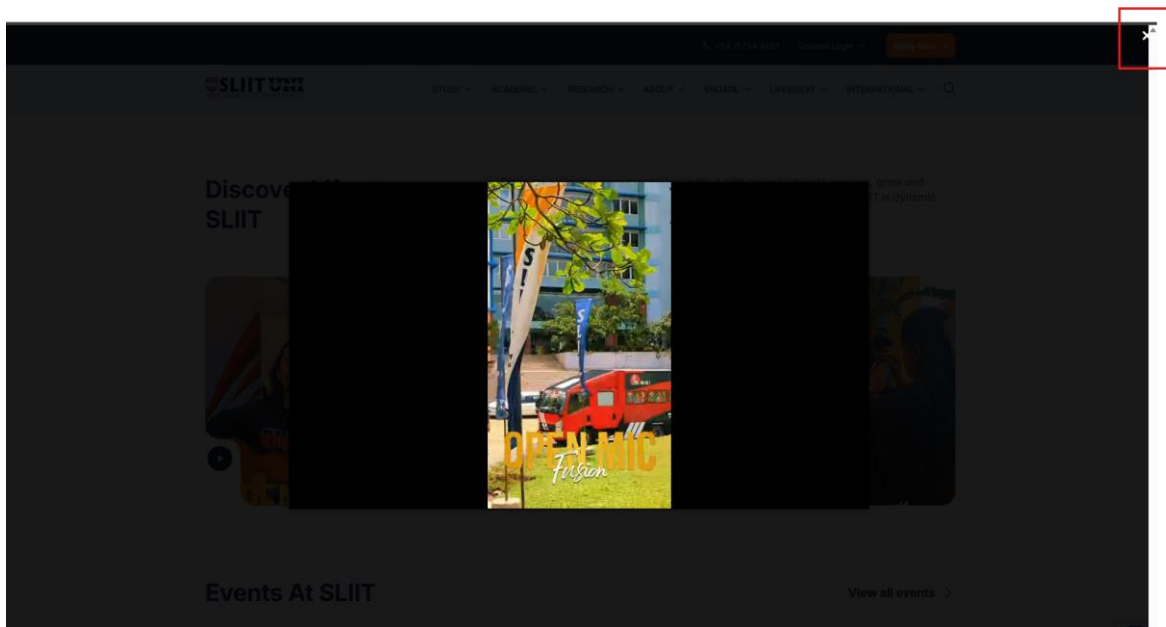

- In desktop view, the relevant page title in the menu area should be highlighted to indicate the user's current location.

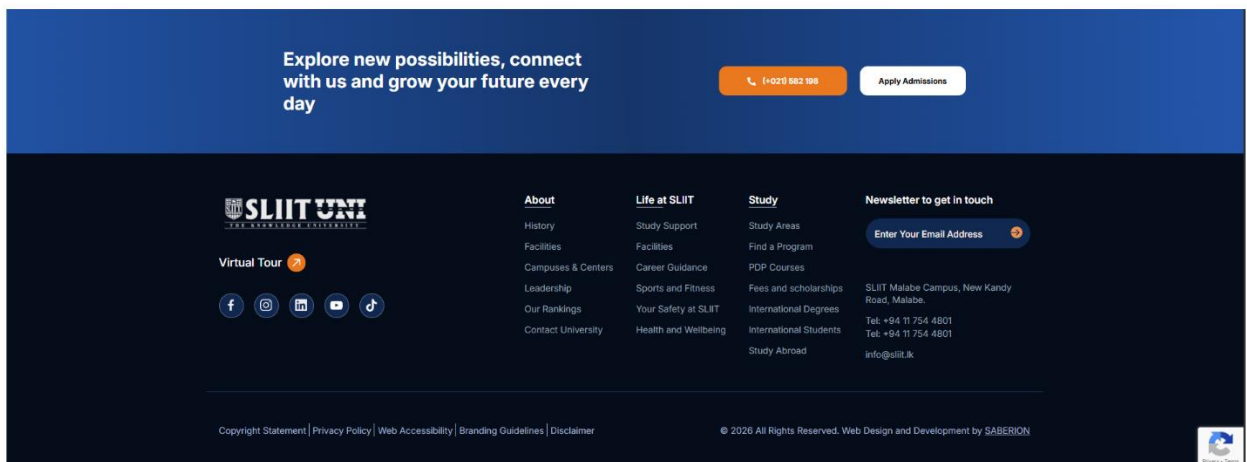

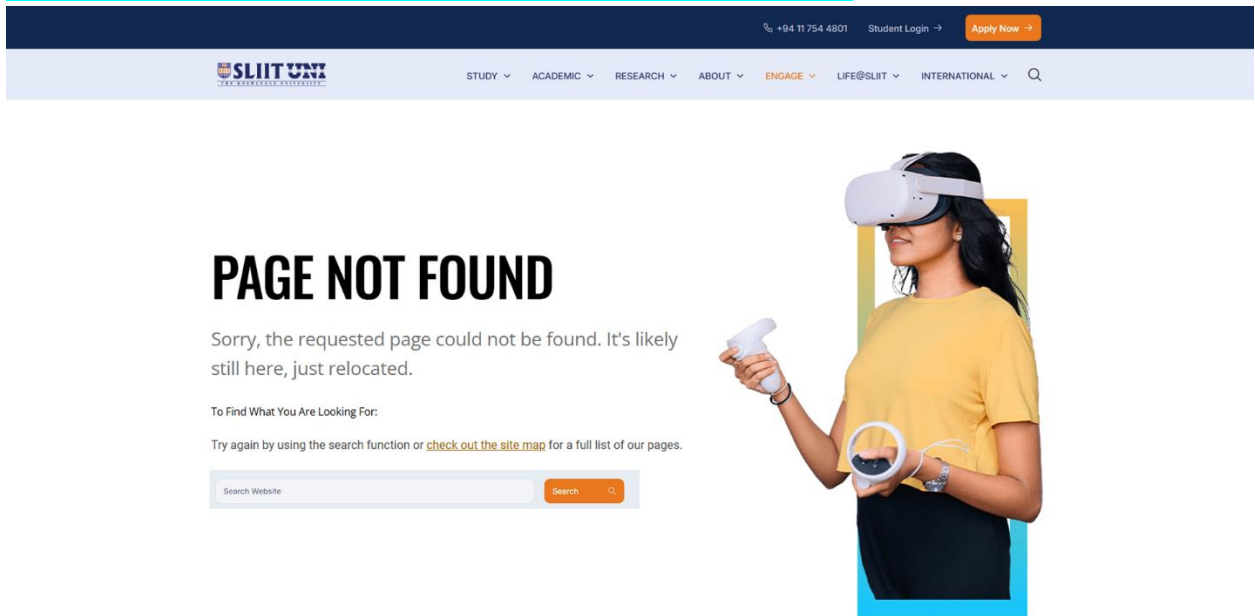

- Popup window, (in entire website)

Need better visibility to popup window close button.

- Test all **forms** to confirm submissions are sent to the correct email address or saved in the database.
- Ensure all **user auto-responder emails** use a professional HTML email template. Please also prepare and share a **common HTML email template** with us for review and approval.

- Verify that all **404 pages** are properly handled and display a user-friendly message as suggested below. (Need to link sitemap, Search prompt issue)

- Showing Faculty/Department of the academic in the front end should be discussed.
 - Department of / School Of
- Check for and fix any **broken links** across the entire website.
- Ensure the **most recent news** items are displayed at the top of the news section.
- Configure all **external links** to open in a **new browser window/tab**.

- In most places, smooth scroll back to relevant element is not working for most of the pages. Ex: <https://integration-sliit.saberion.org/life-at-sliit/accommodation?page=1>

Page: News | Event single page template

- Please follow the following template. (We have not added additional elements here such as videos, etc.. add them accordingly.)

Thursday, 08 January 2026

A workshop on Exploratory Data Analysis Using SPSS for lecturers from Mahaweli National Colleges of Education

On the 11th of July 2021, Professor Sarah Peiris conducted a workshop on Exploratory Data Analysis Using SPSS for lecturers from Polgolla, Peradeniya, and Siyane Mahaweli National Colleges of Education

The event was addressed by Ms. Karthi Liyanage, President of Mahaweli National College of Education, Dr. Malitha Wijesundara, Dean of the Faculty of Humanities & Sciences, and Dr. Virajith Gamage, Senior Lecturer of the Faculty of Humanities & Sciences. Due to high demand from participants, another session will be held in the coming weeks.

- Remove "Image Gallery" title.
- Reduce gap bit between gallery and news section.
- Follow the correct Date format in related news "Saturday, 21 March 2026"

- Single News and Events Page should content Title and meta tags.

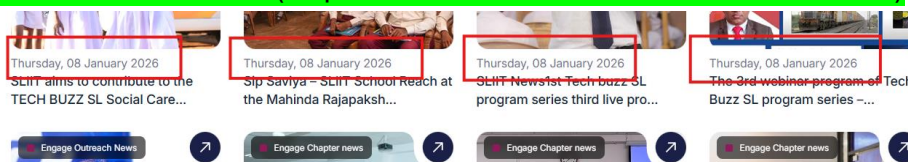

- As discussed with Ahsan, when there is more than one slug, the first created slug should remain unchanged and should not include any ID prefix. Any subsequently created slugs should automatically include the ID prefix.

- News Page: There is an issue with the pagination results, as the same data is being displayed repeatedly across pages.

- The event dates have not been added correctly. Please review and correct all event dates in the news items. (as per the instruction of OneDrive document)

- Single News Page:

ex: <https://integration-sliit.saberion.org/life-at-sliit/news/sliit-future-begins-exhibition-kalutara>

<https://integration-sliit.saberion.org/life-at-sliit/news/sliits-team-glory-wins-icpc-sri-lanka-202526-regional-championship>

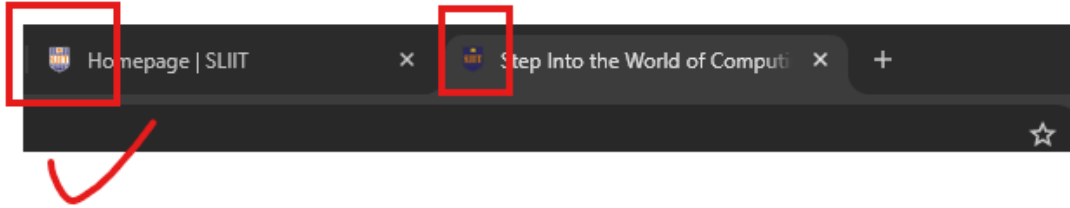

“Related News” section is not containing related news but displaying “PDP News” only which is not related category.

We wish you all the very best as you represent Sri Lanka on the international stage! ✨

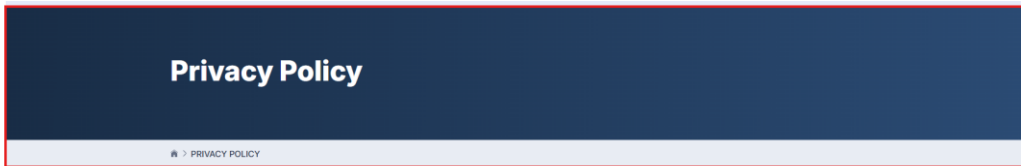

Related News

- The current separate News and Events pages are not functioning as requested. Please review and fix them according to the specified requirements.

- Two different favicons are currently appearing on the new website. Please retain only the favicon used in the current website version and remove the other one.

- Common Pages:**
Please remove one header from all common pages (Copyright Statement, Privacy Policy, Web Accessibility, Branding Guidelines, Disclaimer), as the same titles are currently being displayed twice

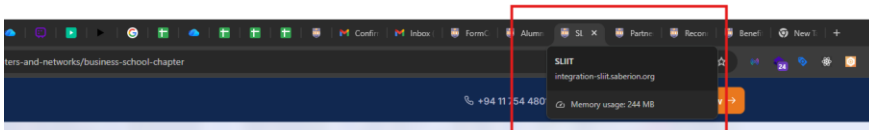

SLIIT is committed to protecting the privacy of all individuals who interact with us, including our students, staff, alumni, partners, and visitors to our websites. We handle your personal information in a transparent, secure, and responsible manner, in line with applicable

- Please correct the style of “Research Clusters” menu item

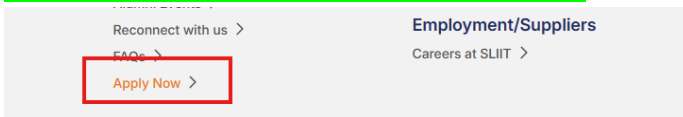

Even its added, not working correctly

- Some pages are not having its meta data.
- Meta data customizer is not added to the page CMS.

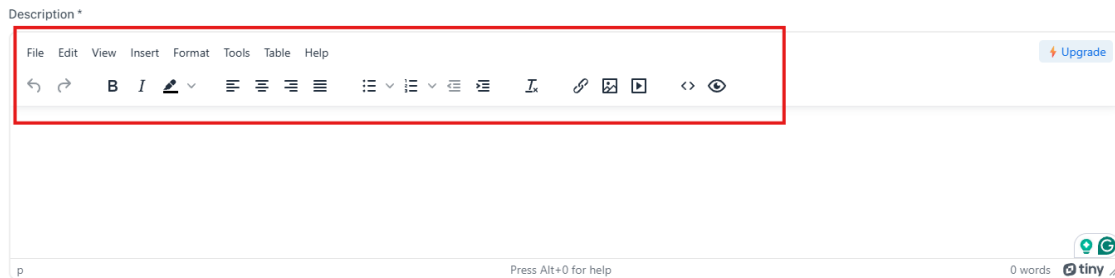

- Not working or not linked the correct page:

Common CMS (QA | UAT | Improvements)

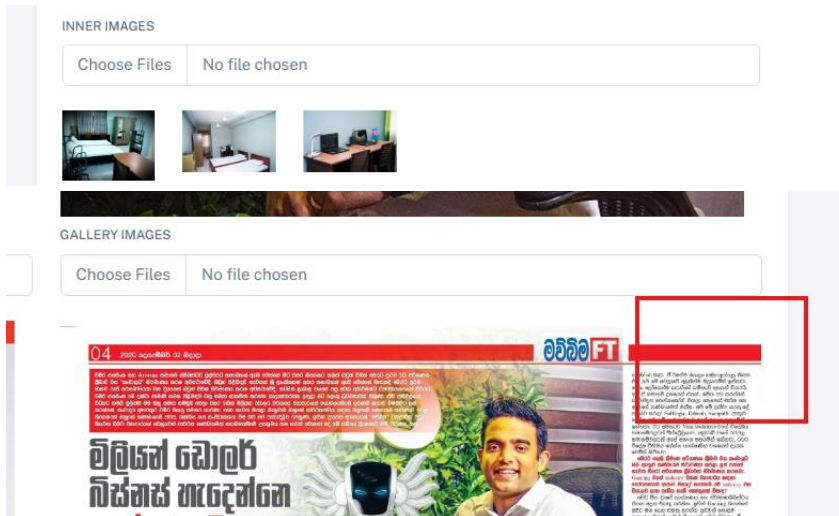

- As previously requested, the description areas should have a full WYSIWYG editor. Currently, some sections only have a plain text box or a limited-feature WYSIWYG editor. We expect a proper HTML block to be added in these areas, as communicated earlier, to allow full formatting and content editing capabilities.

- **Slider Management:**

Only the Home page slider has been added as requested, and even that is missing the feature to open external links in a new tab. Although faculty/department sliders have been added to the Faculty/Department Management module, several required features are still missing. Additionally, slider management has not been implemented for the following sections:

 - Professional Programmes
 - SLIIT Memorabilia Shop
 - Support to SLIIT
 - Other relevant sections as discussed
- Most of the features requested in the “Additional Functionalities” document are currently missing. Please review the document carefully and implement all the requested features accordingly. ([Additional Functionalities](#)) (“User roles and capabilities” and “Analytics & Tracking Integration” can be done after go live)
- Please add the remaining Master Data sections as mentioned in the points for the other sections.
- For all galleries upload sections in entire CMS, enable a self-delete option for each gallery image. Without this feature, managing or modifying images becomes difficult, as any changes would require re-uploading all images.

- **Front-End Page Redirection Module:**

Enable administrators create and manage URL redirects from the CMS backend, allowing automatic redirection of front-end pages with following features.

- Source URL (Old URL)
- Destination URL (New URL)
- Redirect Type [301 (Permanent) | 302 (Temporary)]
- Status (Active / Inactive)
- Start Date & End Date
- Example: www.sliit.lk/abc → www.google.com/xyz | 301

- **SEO customizer:**

Allow administrators/content editors to add and update SEO metadata for each page from the CMS backend, without modifying code with following features. Along with a central Header & Footer Code Snippet Editor.

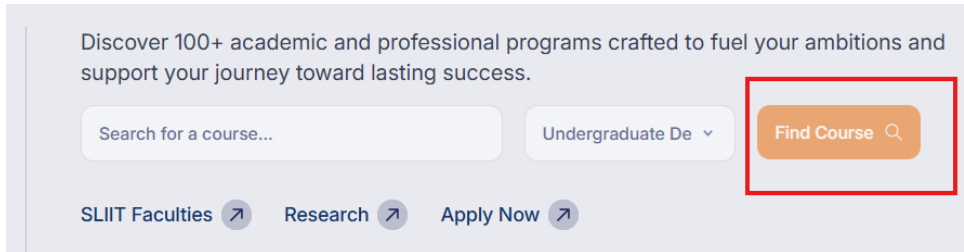

- Meta Title
- Meta Description
- Meta Keywords
- Social Media (Open Graph)
- Custom OG image
- Page slug

Common User Management

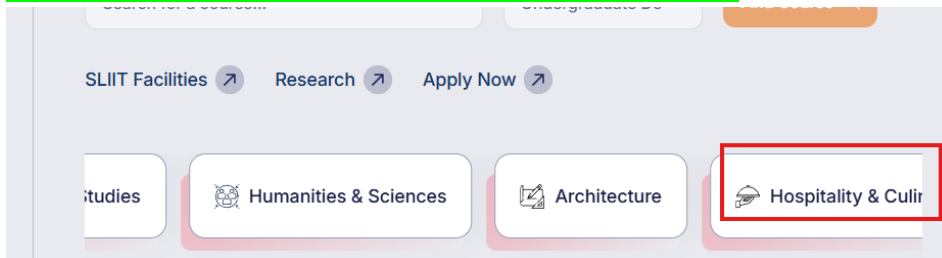

- User roles and capabilities
 - Admin Accounts:
 - Full permissions across the entire website.
 - Editor Accounts – Faculty/Department Level:
 - Can manage only their assigned faculty or department pages.
 - Restrictions:
 - Cannot modify unauthorized pages (general pages, other faculty pages).
 - Cannot upload specific file types (.js, .php, .svg).
 - File uploads must not exceed 1 MB.
- Editor Accounts – All Faculty Access:
 - Can manage all areas across all faculty pages, similar to Admins.
 - Restrictions: Cannot access User Management and Master Data sections.

Home Page (QA | UAT | Improvements)

- The search button should be enabled and functional for the level of study, both with and without entering text.

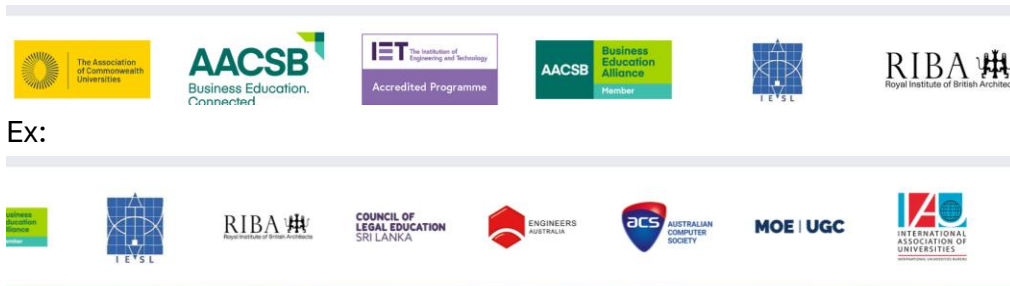

- “Hospitality & Culinary” is not fully visible. And link to: <https://cahm.lk/> since this is an external link, open this with a new tab.

- Please add the relevant faculty color.

- Logos are too large at full hd view. Please make it bit small and check other displays (HD, Tab, Mobile) as well. Need little bit more gaps as well

- Pop up should be appear on click on each with its logo and description + title (As discussed, it is better to retrieve this data from **About > Reputation** instead of using the separate section currently available under Master Data. We have already discussed this with Ashan—please review and proceed accordingly.)

- Slider should be autoplay on 3-4 seconds. And this needs to be looped after the last slide. (on every slide) (Check: Expiration date / Mobile slider / Open new tab for external links)

Home Page CMS -----

- This section is regularly changing, need a CMS for this one.

Discover Life at SLIIT

Discover a vibrant campus experience filled with opportunities to connect, grow and thrive. From clubs and sports to events and friendships, student life at SLIIT is dynamic and inclusive.

Life at SLIIT >

A Legacy of Excellence with Thousands of Success Stories

With over 25 years of experience, SLIIT has empowered generations of graduates through innovation, academic excellence and a strong commitment to student success.

Our Story >

600+ Alumni Members

25+ years experience

Our commitment to academic excellence is driven by a distinguished faculty who bring both expertise and mentorship to the classroom. Students benefit from personalized guidance, access to modern facilities, and an inclusive environment that fosters critical thinking, creativity, and lifelong learning.

About (QA | UAT | Improvements)

Page: <https://integration-sliit.saberion.org/about>

- As discussed, please amend this image to visible full image.

Welcome to SLIIT

Founded in 1999 to bridge Sri Lanka's IT talent gap at the time, SLIIT launched its first campus in Colombo with 400 students, offering IT programs. Over time, SLIIT expanded its footprint, developing a network of campuses and centres in Malabe, Matara, Kandy, Kurunegala, and Jaffna with modern infrastructure. SLIIT diversified its academic offerings to include Engineering, Business, Architecture, Humanities and Sciences, and Hospitality Management, now providing over 100 local and foreign programs.

SLIIT's robust industry partnerships provide students with the essential skills and hands-on experience to excel in the workforce, ensuring they graduate industry-ready. Ranked joint 3rd in Sri Lanka in the prestigious 2025 Times Higher Education World University Ranking, SLIIT remains the leading non-state tertiary education provider, proudly serving a student community of over 25,000.

- Please check this, previously it was displaying four items. (Changing this, should not be affected to the any other pages or styles) (responsive)

SLIIT Campuses

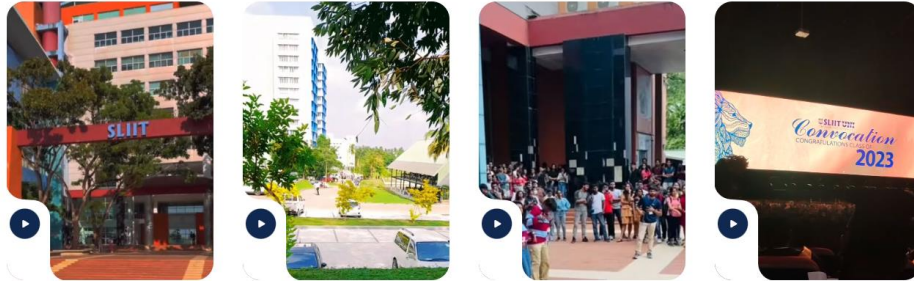

- Remove "s" (check clicking Prof. Lalith Gamage block as well.)

View Other Academic Staffs >

Page: Single Campus and Centers (check all pages)

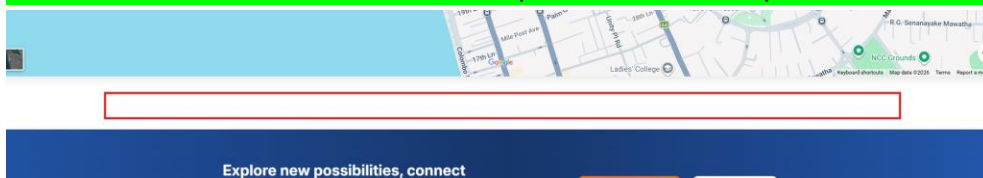

- After closing the video popup view, the page automatically scrolls back to the top. Please check and fix this issue.

- Faculty options should be automatically hidden if there are no programs available under a specific faculty for the selected campus.

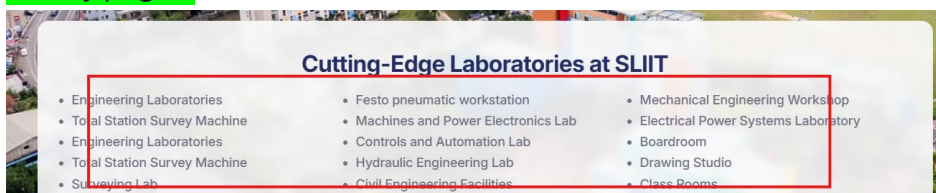

- It's better to remove the white blank space between map and the footer element.

Page: <https://integration-sliit.saberion.org/about/facilities>

- Can we fetch all available facilities from the Faculty/Department level without duplicating them? Also, please ensure they are linked to their respective individual facility pages.

Page: <https://integration-sliit.saberion.org/about/our-reputation-and-rankings>

- As previously discussed, this should maintain a proper hierarchy when displaying the list, both here and within the respective Faculty/Department sections.

Engineers Australia (EA)

Queensland Engineering programmes are accredited under Engineers Australia (EA) Standards.

Private Health Services Regulatory Council (PSHRC)

SLIIT School of Nursing, under the Faculty of Humanities and Sciences, is recognised as a government-approved private nurse training school.

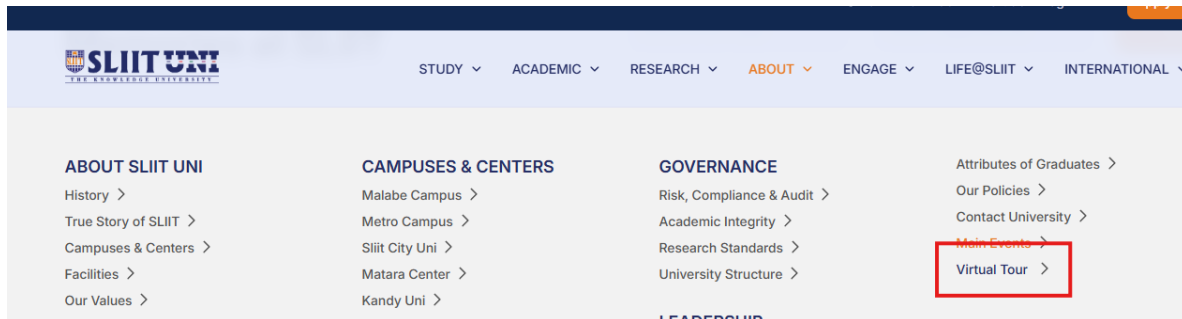

Solicitors Regulation Authority

A Qualifying Law Degree recognised by the Solicitors Regulation Authority, UK

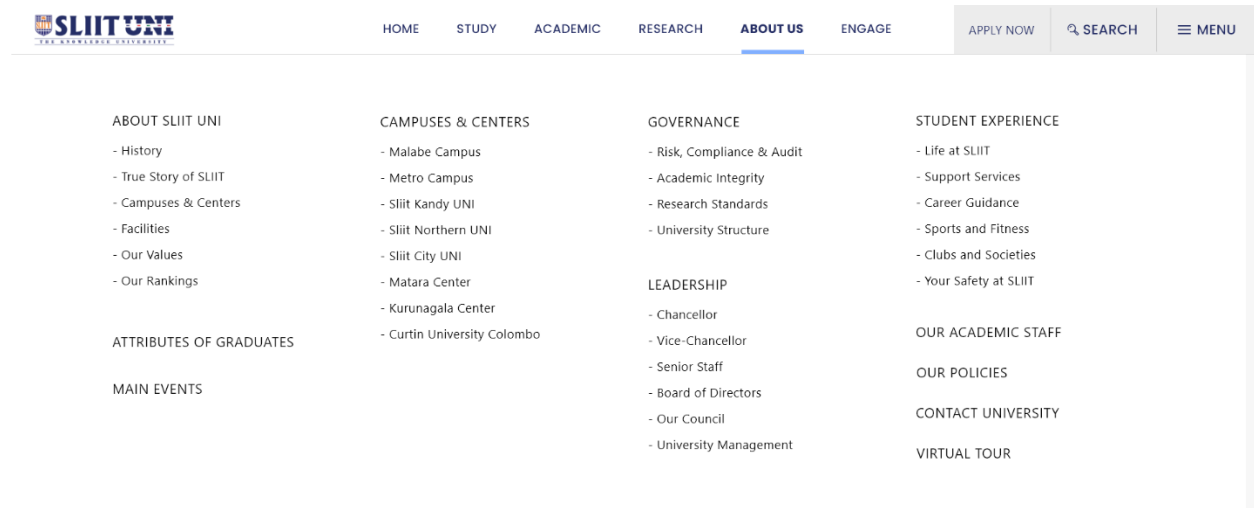

Page: Chancellor | Vice Chancellor Pages (discuss)

- Image size difference, follow “Chancellor” page image height.

Menu: This should be linked to our Virtual Tour link and ensure it opens in a new tab. Link: <https://static-sliit.lk/vt/index.html>

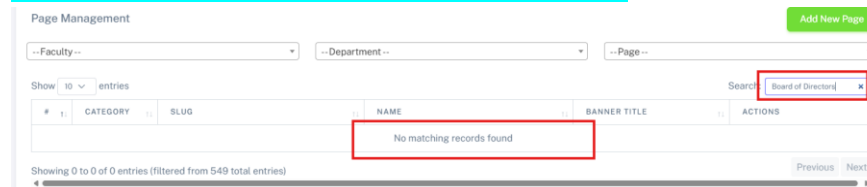

Menu Structure: Change as follows. (follow as in Study section)

About CMS -----

Page Management: several pages are missing (e.g., Board of Directors).

Please check and restore the missing pages.)

Non-Academic Management:

- As previously discussed, please have sorting order section for the
 - o Senior Staff / Board of Directors / Our Council / University Management / Non-Academic Staff

Reputation Management Add/Edit:

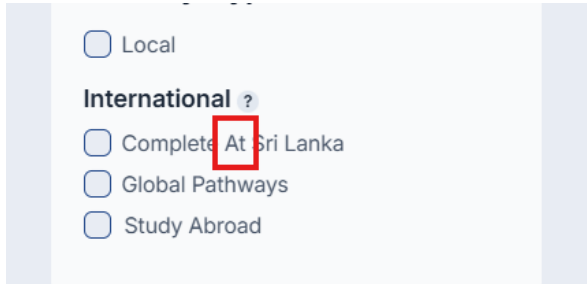

- In Reputation Management (Add/Edit), when adding a new reputation, even though the "Type" is selected from the dropdown, it does not save correctly on the first attempt. The record must be edited and saved a second time for the "Type" field to be properly updated. Please investigate and fix this issue.

Study (QA | UAT | Improvements)

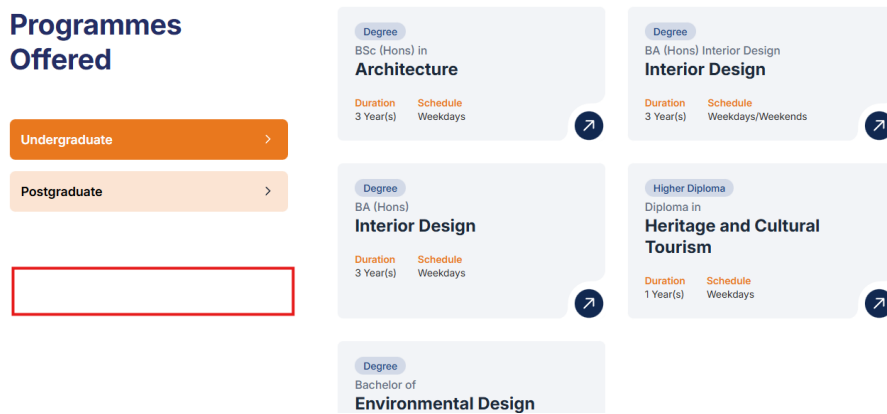

Page: Find a Program

- Please change to the simple “a”

Page: Single Study Area (for all areas)

- Can we have a separate option to filter the Study Abroad programs. Name should be as “Foreign Degree Pathways”. On click on each of these programs shall we redirect that to its Single UNI page.

- Pathway options and load more should be automatically hidden if there are no programs available under a specific faculty for the selected campus.

- As discussed previously, this section should display only the 6–8 most recent upcoming programs in a looping format. However, it is currently displaying all programs. Please check and correct this.

Upcoming Programmes

The image shows three program cards in a carousel format. The first card is for the 'WEB DEVELOPMENT PROGRAM', which is 68 hours long, online, and assignment-based. The second card is for the 'SLIIT CERTIFICATE PROGRAMME IN PYTHON 3 PROGRAMMING', which is 48 hours long, via Zoom, and has an installment payment scheme. The third card is for 'JAVA PROGRAMMING', which includes a 'WHY ENROLL?' section and a 'WHO'S THIS FOR?' section listing school leavers, undergraduates, and those seeking career development. Navigation arrows are visible at the top right of the carousel.

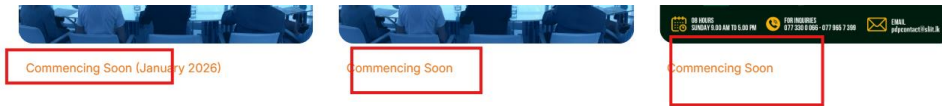

- Please set this slider to auto-slide every 4 seconds and enable continuous looping.

Upcoming Programmes

The image shows three program cards in a carousel format. The first card is for 'PROJECT MANAGEMENT LEADING TO CAPM CERTIFICATION', an internationally recognized course delivered by SLIIT, approved for 40 hours of contact for the CAPM exam, and well-conducted by experienced PM roles. The second card is for 'INTRODUCTION TO ARTIFICIAL INTELLIGENCE', a 40-hour certificate program starting with AI basics and Python setup, covering machine learning, deep learning, and AI ethics. The third card is for 'CERTIFICATE PROGRAM IN DIGITAL MARKETING', featuring key modules like digital strategy, social media, and search engine marketing, and highlighting why to choose the program with 100% online learning and no exams. Navigation arrows are visible at the top right of the carousel.

A large banner for 'PROFESSIONAL DEVELOPMENT PROGRAMMES AT SLIIT'. The text reads: 'Short-term programmes for school leavers, career changers and professionals. Mode : Online | Hybrid | Physical Workshops | Corporate Trainings'. The background features silhouettes of professionals in business attire against a blue, abstract background.

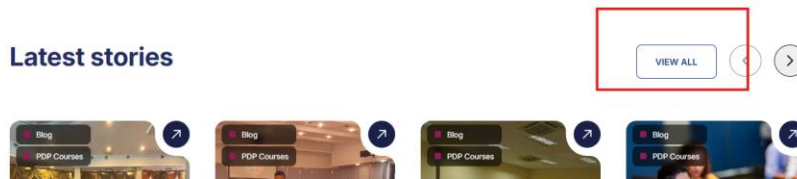

- This is no need to display this below date section.

- In the course list, on the second page of pagination, the following programs are displayed. According to the logic we discussed, shouldn't they appear **before** the green-highlighted ones? Please check.

A course card for 'Project Management leading to CAPM Certification'. The description states: 'Individuals who contribute specialized skills to a project team can benefit from this certification by aligning their work with project managers.' The card shows 'Delivery Method: Online' and 'Duration: 40 Hours'. A red button labeled 'Registration Open' is on the right. A blue arrow icon is in the bottom right corner.

- This is not working. (Should be displayed all PDP news items)

Page: Single Degree Program (All programs)

- The elective module count should be a custom-defined value, not automatically calculated based on the number of available subjects.

International (QA | UAT | Improvements)

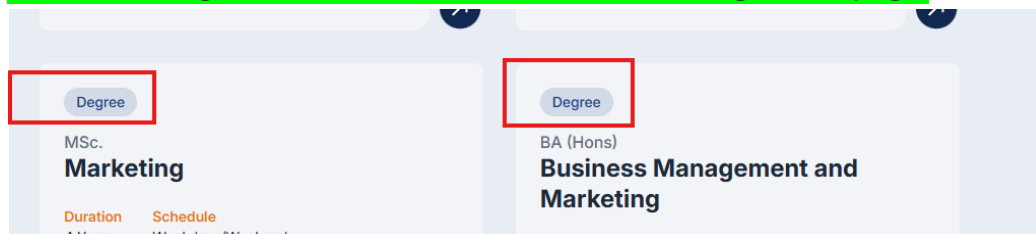

Page: <http://integration-sliit.saberion.org/study/international-students/programmes>

- It is not functional.

- Counties are not linked
- Study Abroad options are not showing correctly

- Shall we change the element as in the final Find a Programme page.

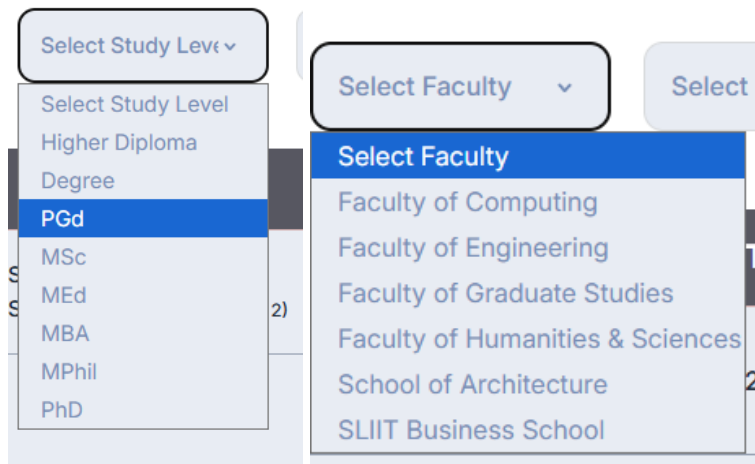

- Arrange the degree pages as discussed. Maintain the result order as well.

Page: <http://integration-sliit.saberion.org/international-students/fees>

- Please hide the degrees that doesn't have both value.

Master of Philosophy (MPhil) Computing Engineering Business	USD 1,600	USD 9,600
Doctor of Philosophy (PhD) Computing Engineering Business	USD 2,250	USD 13,500
SLIIT International Foundation		
Master of Science Artificial Intelligence		USD 8,000+ GBP 2,200
BA (Hons) in English Studies		
B.Ed (Hons) in Biological Sciences		

- Re-Order this study level as in “Find a Program” page.

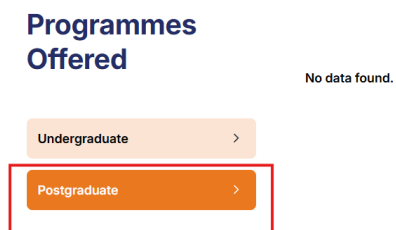

Page: <http://integration-sliit.saberion.org/study/international-students/programmes>

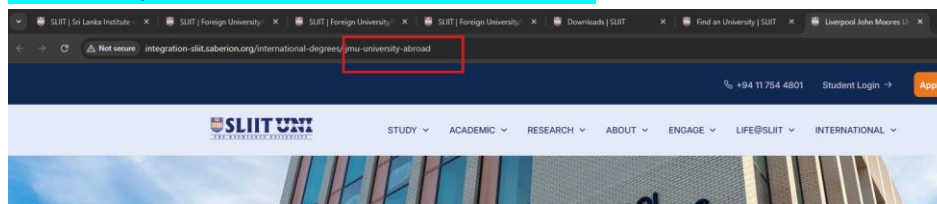

- Search/Filter/Pagination actions are not scroll back to results section.

Page: Single UNI page on both “International Degrees At SLIIT” & “SLIIT Global Pathways”

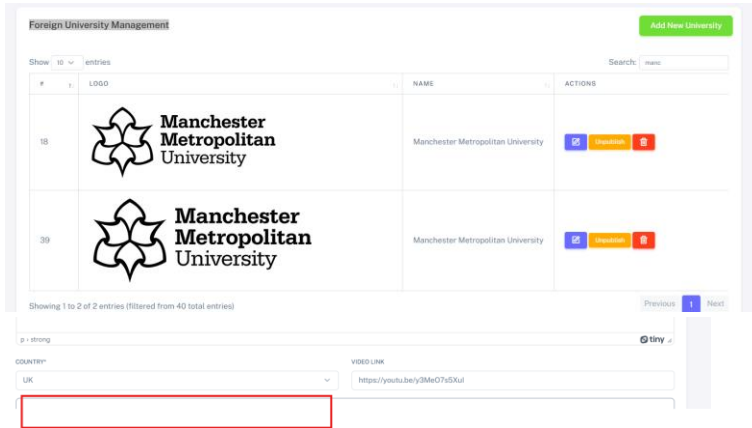

- Display each option only if the corresponding degree pathway is available.

- “abroad” part in not relevant. Remove that.

- A CMS feature needs to be added to the “Foreign University Management” module to differentiate between the following university categories.
 - International Degrees at SLIIT → International Degrees University
 - SLIIT Global Pathways → Global Pathways University
 - Study Abroad → Study Abroad University

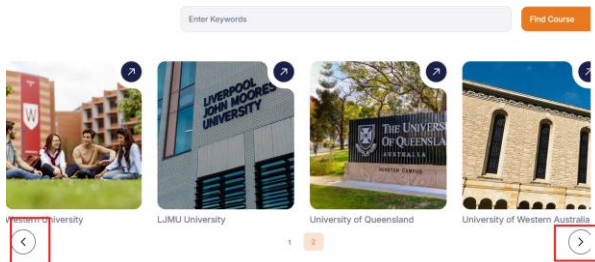

Page: <https://integration-sliit.saberion.org/study/international-students/contact-us>

- In the form, can we have the universal phone selection flies since this is filling by international audience. (phone code selector with country)

Page: Study Abroad Single Destination (ex: UK, USA, etc.)

- Smooth scroll back to results not working for pagination in both next/prev

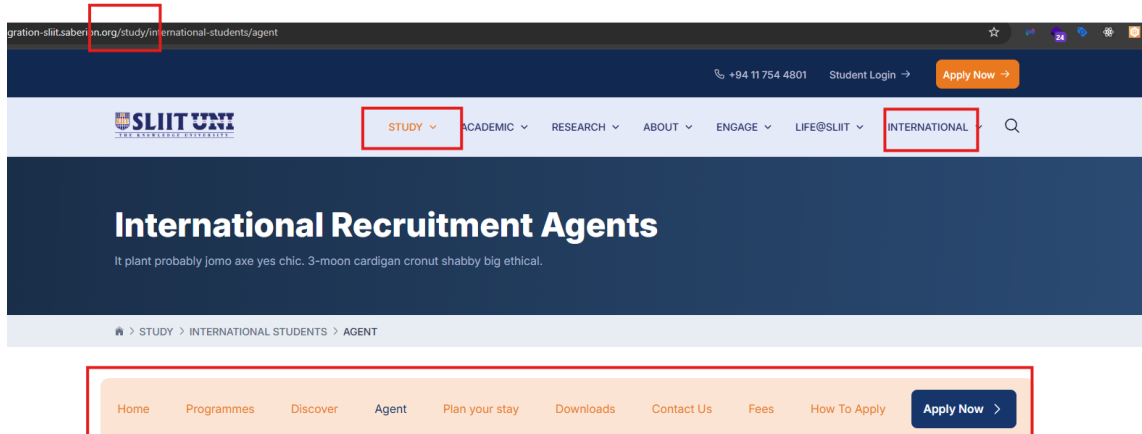

Page: New page requirement

- It's better to have new pages for following. (Templates are in Missing Items)
 - International Degrees At SLIIT
 - SLIIT Global Pathways
 - Contact

OneDrive: [Wireframes](#)

Menu:

The “Study” menu item is appearing as active on some international pages instead of highlighting the “International” menu item. Additionally, some international pages still have the “study” prefix in their URLs. Please review all pages and correct the menu highlighting and URL structure accordingly.

International CMS -----

- Should have a module to manage from the CMS for below pages.

<https://integration-sliit.saberion.org/international-students/living-in-sri-lanka>

<https://integration-sliit.saberion.org/international-students/in-and-around-sliit>

- Need other way to separate these UNI. Dropdown or something.

The screenshot shows the 'Foreign University Management - Edit' form. The 'NAME*' field contains 'LJMU University - Abroad'. The 'BANNER TITLE*' field contains 'Liverpool John Moores University'. The 'BANNER DESCRIPTION*' field contains the text: 'Earn a career-focused UK degree in Sri Lanka with global recognition, real-world learning, and strong academic support.' The form includes a rich text editor toolbar with options for File, Edit, View, Insert, and Format.

- Foreign University Management – Edit: add more country list.

The screenshot shows a dropdown menu for country selection. The current selection is 'Australia'. The dropdown list includes the following options: Select Country, UK, USA, Australia (highlighted), New Zealand, France, Canada, Germany, Nepal, Bhutan, UAE, and Pakistan.

- Please add the required International-related CMS options to the international section.

The screenshot shows a navigation menu on the left with the following items: Study, International, Agents Management, In and Around Management, and Location Management. The 'International' menu item is highlighted. To the right, a table displays four entries:

2	ICSDB - Internat
3	SICASH - SLIIT I
4	SICET - SLIIT Int

Below the table, it says "Showing 1 to 4 of 4 entries" with a scroll bar.

Research (QA | UAT | Improvements)

Page: <http://integration-sliit.saberion.org/research>

- “View all news” should go to a separate news page. (Title should be “Research News”)

View all news >

News

Stay informed with campus stories, student achievements, and institutional milestones.

- “Stories and Highlights” contains two types of content: videos should open in a popup modal, while research stories should open on a separate new page.

Page: <http://integration-sliit.saberion.org/research/research-awards-and-achievements>

- Add remaining external research reviews also.
- News area should only contain the “Research Review News” and “External Research Awards News”.

Related News

View all News >

- This View all buttons are not working correctly.

View all News >

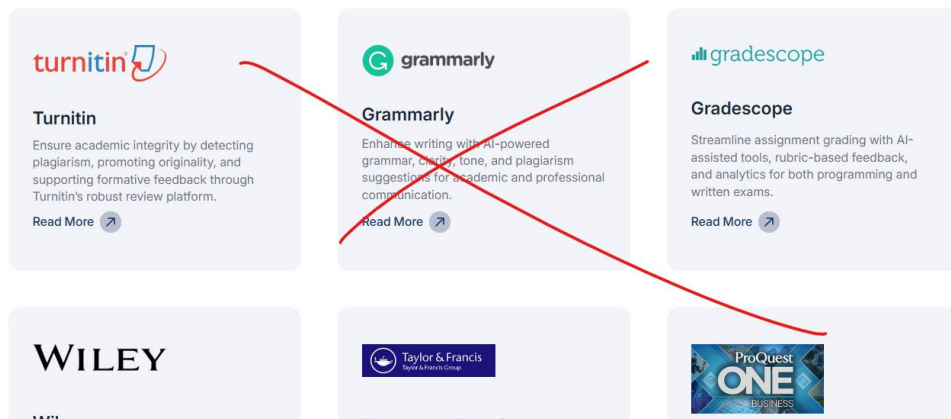

Page: <http://integration-sliit.saberion.org/research/internal-grants>

- Add remaining Research Grants as well. (2023 + 2025)
 - [Missing Items](#)
- Display the list as Table instead of current way of presenting it. Table is clearer and more compact. (Current way is okay but hope it has added manually, need CMS)

Page: <http://integration-sliit.saberion.org/research/research-centers>

- It was not a requirement to add these sections here. Instead, we needed to include specific content with a few titles and corresponding descriptions under each title. Therefore, we suggest adding an accordion section to accommodate this content.

- "View all" button is not working correctly.

[View all News >](#)

Page: <http://integration-sliit.saberion.org/research/our-stories>

- Each research story must have individual page similar to new page.

- Each research story must have separate individual web page. (Ex: News Items) (But reviewing research video should remain in the popup)

Stories and Highlights

Discover achievements from our vibrant research community, including award-winning publications, startup innovations, and collaborative international projects.

Professor Dush N. K. Jayakody: Pioneering in Coded Wireless Power for UAV Networks

Prof. Ruwan Jayathilaka's Research Legacy at SLIIT

Professor Jayaruk Story

Professor Dhanushka Udayanga's Research Journey

Page: <https://integration-sliit.saberion.org/research/research-cluster>

- There is an issue with filtering and pagination when used simultaneously. For example, when we select "Faculty of Engineering" in the filter, we get 2 pages of results. However, when navigating to the second page, the filter gets cleared automatically.

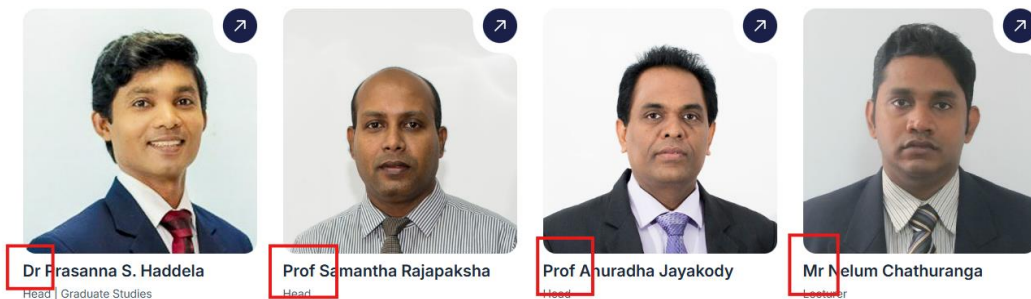

Common Issues:

- News and Events Pages: Use separate News and Events pages for each section, with relevant search and filter options to improve clarity and usability.

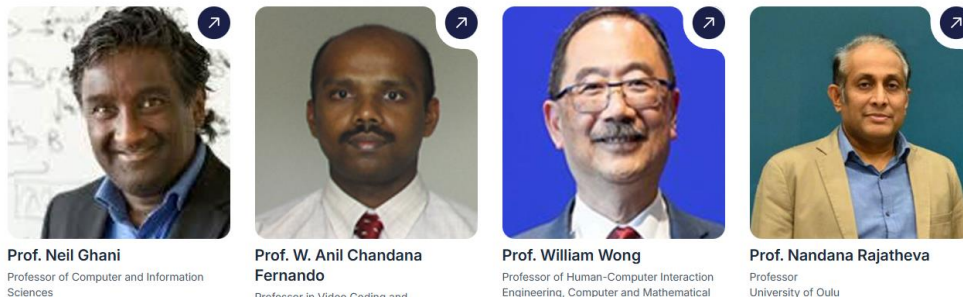

Page: Individual Research Cluster Page

- Add “.” After the Mr, Dr, etc (ex: Dr. Sanath Perera)

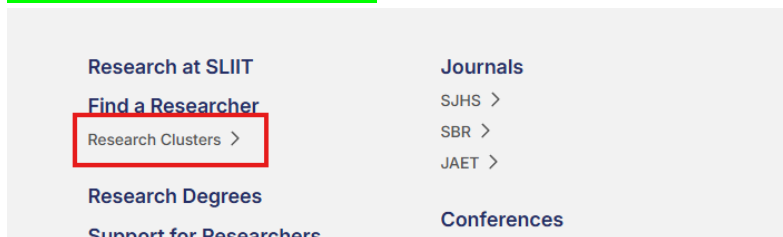

Page: <https://integration-sliit.saberion.org/research/honorary-professor-network>

- When clicking on each profile, two popups are opening. Only one popup should open. Please check and fix this issue.

Menu:

- The menu should follow the “Find a Researcher” style, with slightly increased spacing between the main menu items, and this should be applied consistently across all other menu panels as well.

- Link “SLIIT Innovate” > <https://innovate.sliit.lk/> (should be opened in a new tab)
- Research Data Archive: <https://rda.sliit.lk/> (should be opened in a new tab)

Page: <https://integration-sliit.saberion.org/engage/partner-with-us>

- Should be linked to: <https://integration-sliit.saberion.org/research/research-collaborations>

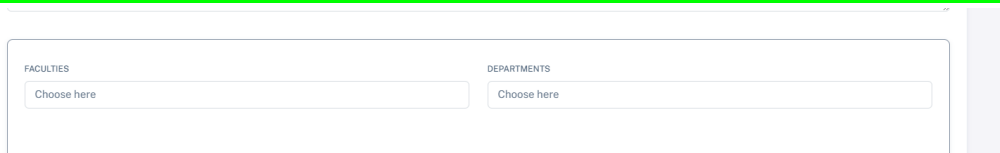

Research Partnership
We collaborate with research institutions and industry to solve real-world challenges and co-develop impactful, multidisciplinary research projects.

Page: Single Chapters and Networks Page

- Similar to the current Committee page, please add a **“See What’s On”** section to **each individual page**. The content in this section can **vary from page to page**.

Page: <https://integration-sliit.saberion.org/engage/careers-at-sliit>

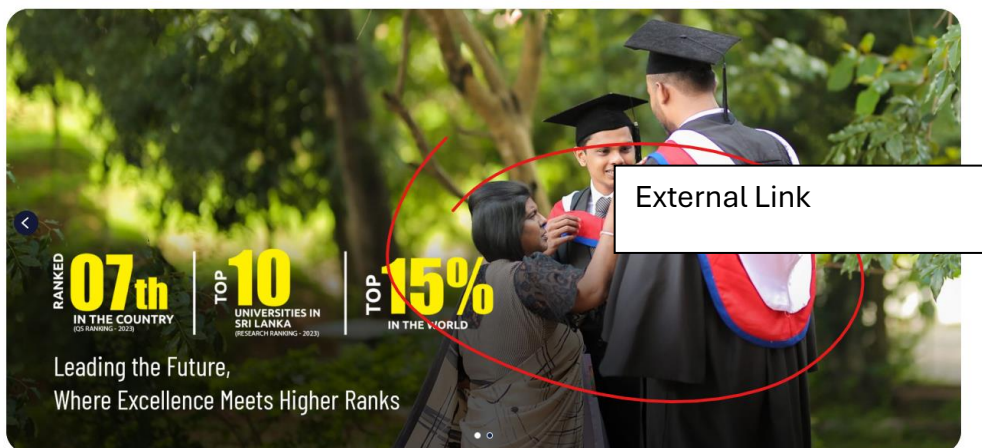

- Shall we have the “Opening Date” and “Closing Date” showing in the job post as below.

- Sometimes, we advertise job vacancies through external parties and display only the available vacancy titles along with a few basic details. In such cases, we propose the following approach for individual job postings:
 - Each career post should have two options: Internal and External.
 - Internal postings will display all job details, as currently implemented, with a dedicated single job post page on the website.
 - External postings will appear in the careers listing page alongside internal postings, but they will not have a separate inner job page. Instead, selecting the post will redirect users to an external link. For external postings, an additional field will be required to input the external URL.

Page: <http://integration-sliit.saberion.org/engage/support-to-sliit>

- Slider should be autoplay on 3-4 seconds. And this needs to be looped after the last slide. (on every slide) (Check: Expiration date / Mobile slider / Open new tab for external links)

- This is not applicable to this section, and it is the 3rd point of the “How can you help us” section. In CMS, we cannot change correct that as well.

Partner with Us to Make a Difference

Collaborate with SLIIT to empower future generations and create lasting impact. Whether you're looking to recruit skilled graduates, engage in innovative research, support student development, or upskill your team, partnering with us opens doors to meaningful opportunities that benefit your organization and the broader community

- This gap is not shown in the front end

BANNER DESCRIPTION

Department of Linguistics at SLIIT provides modern, well-equipped learning environments designed to support the learning experience, innovative pedagogy, and language and literature-related research. Our facilities include smart classrooms, multimedia labs, and resource centers that enable experiential learning and technology integration. Dedicated spaces for classroom simulations and collaborative projects prepare students for real-world professional challenges. These advanced learning spaces foster creativity, critical thinking, and professional development, equipping future professionals with the skills and confidence to make a meaningful impact in diverse settings.

Research in the Department of Linguistics focuses on areas such as socio-, psycho-, and applied linguistics, literature and literary studies, communication and cultural studies, and technology-based changes in language studies. These clusters promote evidence-based instructional practices and effective language policy formulation. Faculty and students collaborate with national and international language educators and communication specialists to address evolving linguistic needs, contributing to the improved application of English language studies across diverse contexts.

Menu: To be added.

Advancing Education Through Meaningful Alliances

The School of Law at SLIIT fosters dynamic collaborations with legal institutions, bar associations, universities, and international legal networks. These partnerships facilitate academic exchange, joint research, legal aid programs, and curriculum enhancement initiatives. By engaging with local and global legal communities, the school enriches practical training, encourages comparative legal studies, and aligns with global legal standards.

Rooted in principles of justice, integrity, and professional excellence, these collaborations empower students to become skilled, ethical legal professionals ready to address contemporary legal issues and contribute meaningfully to society.

Profile System (QA | UAT | Improvements)

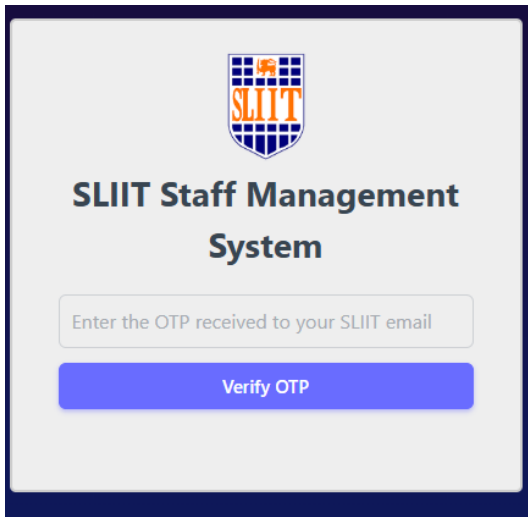

User Function: Login Page

- OTP should be sent only to current active users except non-registered and inactive users as well, which must be restricted. OTP generation should be blocked for such users, and a message should be displayed stating: “Your account is either not registered or currently inactive. Please contact support for assistance. Email: webteam@slit.lk”

The screenshot shows the SLIIT Staff Management System login page. At the top is the SLIIT logo. Below it, the title "SLIIT Staff Management System" is centered. A text input field contains the email address "dharani.g@slit.lk". Below the input field is a blue button labeled "Request OTP". Underneath the button, there is instructional text: "Enter your e-mail address and request a one-time password. The password will be sent to your e-mail and is valid for 30 minutes. If you already have a valid OTP, click the link below." At the bottom of the text area is a blue link that says "I Already have OTP !!!".

- OTP expires message should be displayed.
Ex: “OTP Expired - 2022-01-24 05:11:12” have a countdown also.

The screenshot shows the SLIIT Staff Management System login page at the verification step. At the top is the SLIIT logo. Below it, the title "SLIIT Staff Management System" is centered. A text input field contains the placeholder text "Enter the OTP received to your SLIIT email". Below the input field is a blue button labeled "Verify OTP".

Academic User Function:

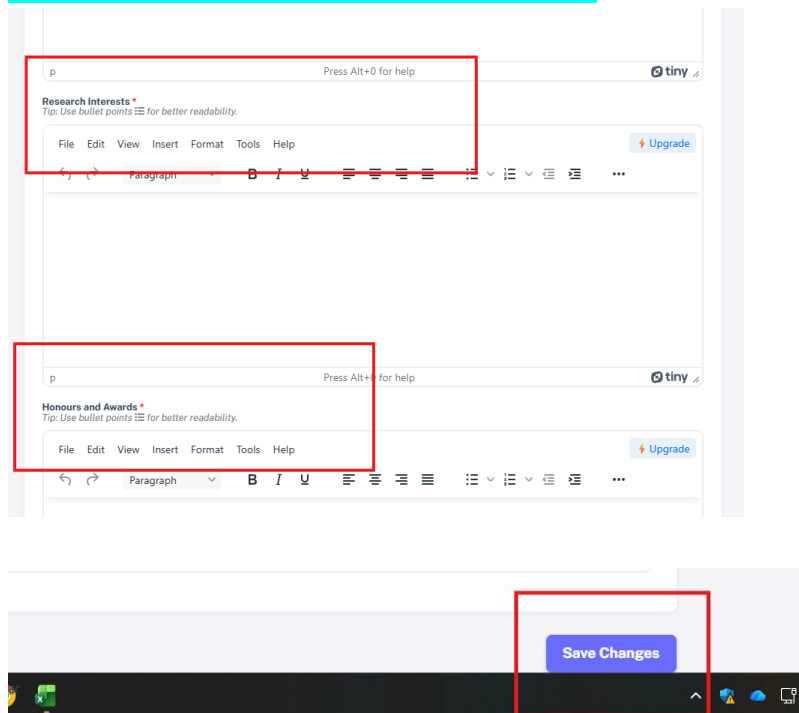

- The Faculty name and Department name are not currently displayed here. When showing the Department name, please follow the special naming convention explained in the point below. Refer to that for proper formatting.

 Unknown Faculty
 Unknown Department

- The **Video Guide** button is missing. Please add it prominently, ideally after the “**View Social**” button, using a red color or similar attention-grabbing style. The button should open the video in a new tab when clicked.

Link: [Staff Profile System Video Guide](#)

- Please improve the separation and clarity throughout the system, ensuring a consistent and professional UI/UX. The current design uses different styles and layouts, which should be standardized for a cohesive and user-friendly experience (This system is designed for professionals from a wide range of fields and age groups, and not all of them have an IT background).

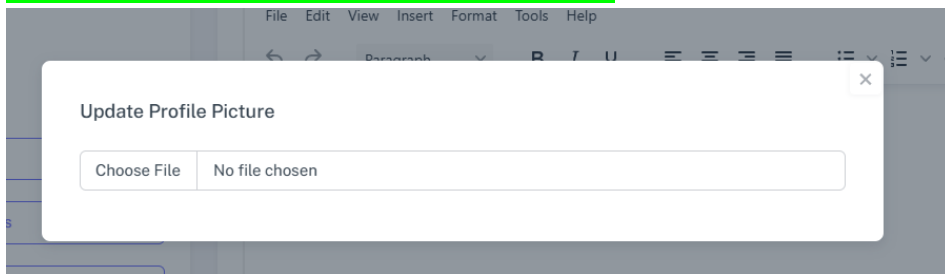

- Each module currently has different layouts, widths, and alignments. Please standardize these for consistency across the system. Additionally, add a **“Back to Profile”** button in every single module and implement overall UI/UX improvements for a more cohesive and user-friendly experience.
- Notification area is not added. Please check and add them (SLIIT recipient Email template to be added for email notification). There should be a place to view all notification.
- Your CV has been uploaded successfully and sent for Adam’s approval. For any additional inquiries, please contact thushara.p@sliit.lk

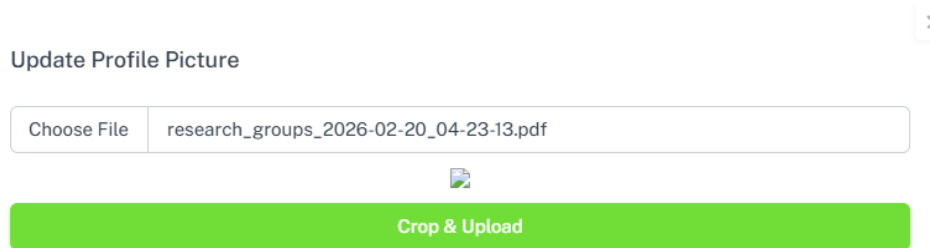

- **Profile Image Upload:**

- Instructions should be displayed as below.

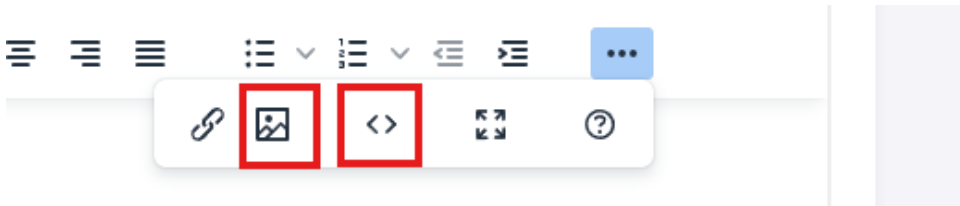

File size: Less than 1MB | File type: PNG, JPG

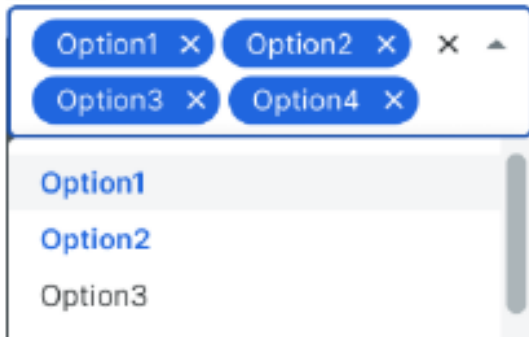

- Handle validation and error message correctly.

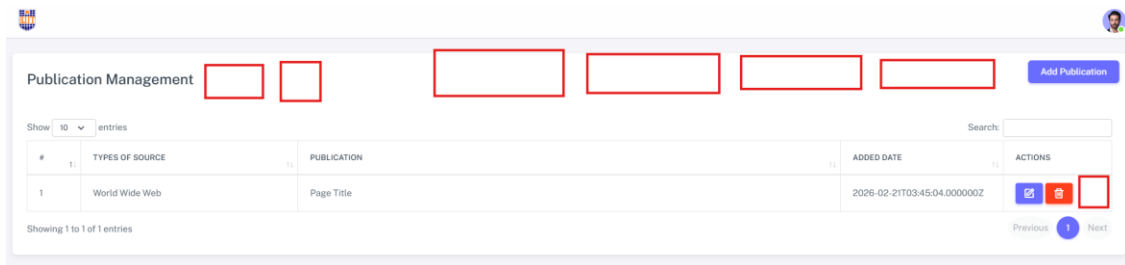

- Disable only “Image” and “Code” capability from this editor.

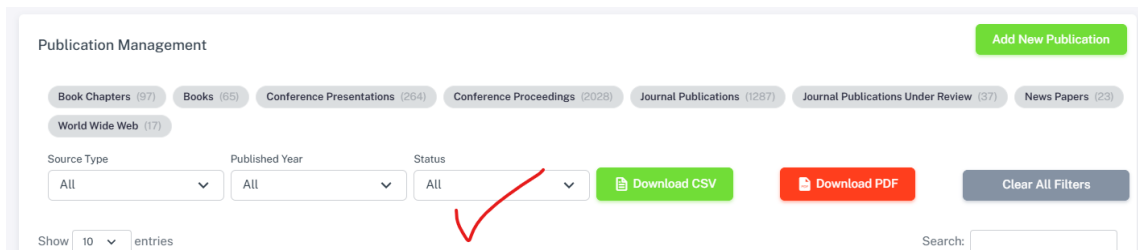

- Add a Multi select filed to select lecturer’s “Research Filed/Area”. These filed values must be pre-populated from “Research Areas” in Master data. Furthermore, this will be a filter in the “Find a researcher” page.

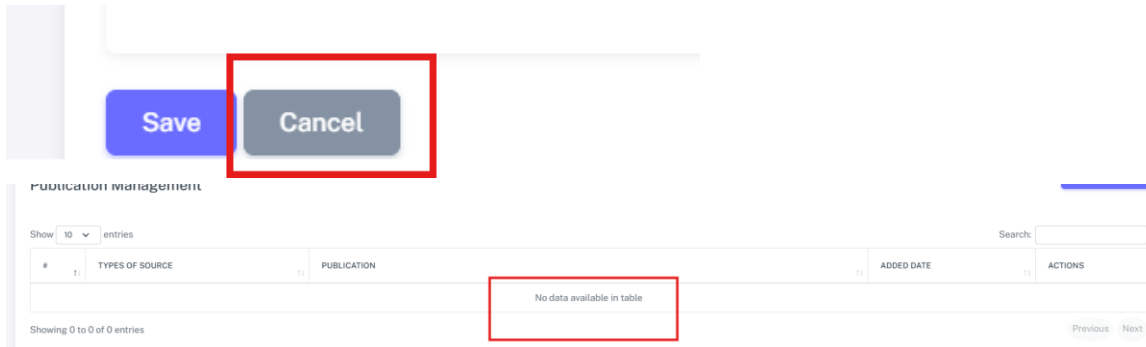

- In publication Management, Add following improvements.
 - Display publication counts summary as a categorization.
 - Ability to set show/hide(active/inactive) each publication.
 - Add dropdowns to filter out available publications (Source Type, Year, active/inactive)
 - Add an option to download the filtered (from above filters) publications as a PDF/Excel (as a list).

See the example below:

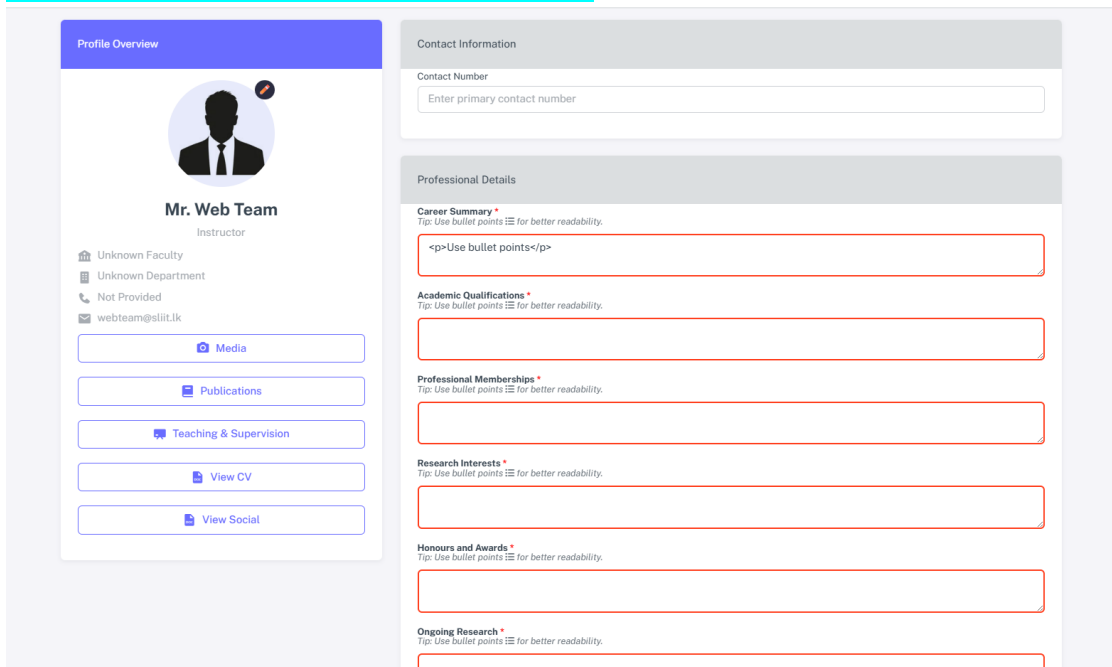

- In the publication management section, when a user tries to add or edit a publication and clicks the “Cancel” button instead of “Save,” they are redirected to the publications list page, but the available publications are not displayed.

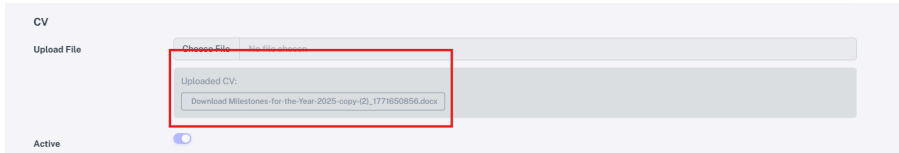

- Change the Table columns to: ID, Title, Type of Source, Published Year, Status, Action
- Wrong naming added as “Activity Management” for “Teaching & Supervision” section.

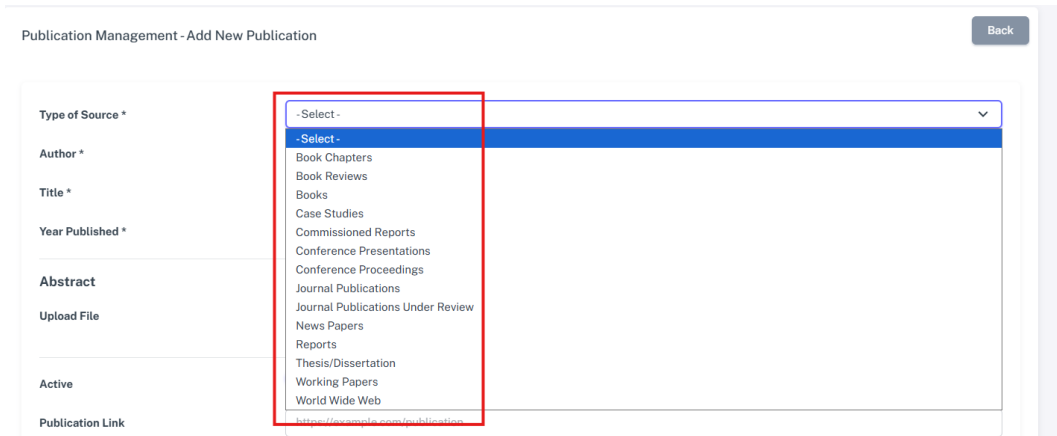

- There is an issue where, as shown in the screenshot below, when the user navigates back to the main profile section from other submodules (e.g., Publication → Profile), the page does not load or display correctly.

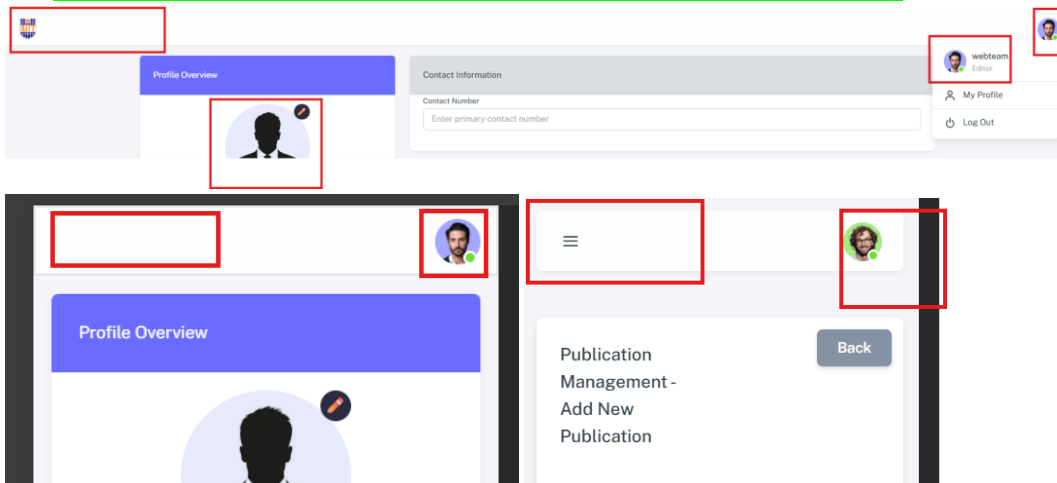

- Validation has not been implemented for PDF/file uploads to ensure the file size is less than 5 MB. A proper validation check should be added, and a clear error message should be displayed if the file exceeds the allowed size (check publication also)

- Please recheck the process for adding all types of publications, especially the newly added ones, as some are encountering issues when saving the publication.

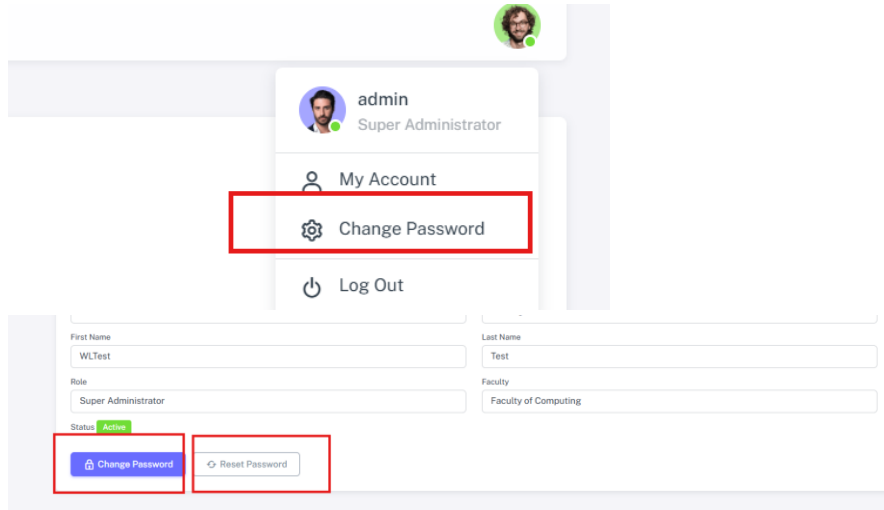

- Do the following modification to the header area.
 - Add the SLIIT University logo. (even though it has added, it too small max-width: 155px;)
 - Display users' actual profile images instead of the current dummy image.
 - If a user has not uploaded a profile image, use a better default thumbnail (the as used on the website: https://integration-sliit.saberion.org/build/assets/images/profile/noo_image.jpg).

Admin Function: Change Password

- These functionalities are currently not working. When a password is changed, an OTP should be automatically sent to the respective registered email address for verification.

Admin Function: <http://staff-sliit.test.saberion.org/admin/user>

- The current Super Administrator is unable to modify other users' roles, which is incorrect and needs to be resolved. The Super Admin should have full system privileges, including the ability to manage and update all user roles without restriction.

User Management Add New User

Show 10 entries Search: ravindu.r@mail.sliit.lk

USER ID	NAME	USERNAME	EMAIL	ROLES	STATUS	ACTIONS
112	Ravindu	ravindu.r	ravindu.r@mail.sliit.lk	Administrator	Active	 

Showing 1 to 1 of 1 entries (filtered from 1,009 total entries) Previous 1 Next

- Please add the following members to the system with the appropriate roles like Admins and Super Admins.
 - The passwords provided are temporary dummy passwords and will be updated accordingly.
 - Faculty-level administrators should only be permitted to manage their respective faculty-level edits, including profile creation, profile updates, and profile ordering.

- All Faculty Administrators should have access to all system functionalities similar to Super Admins, except for adding or modifying Admin or Super Admin users, and adding or modifying Faculties, Departments, and Designations.

Role	Email	F.Name	L.Name	Password	Faculty
Super Administrator	thushara.p@sliit.lk	Thushara	Dileepa	Th@01!	-

Administrator	mkt.int1@sliit.lk	Marketing	Intern	Mk@06!	All Faculty

Admin Function: Profile Management

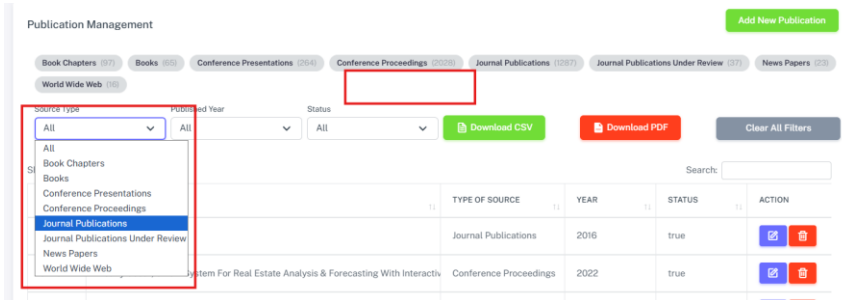

- As discussed, “Faculty of Business” should be renamed to “SLIIT Business School.” Although the new name has been added, the system is still displaying and loading data under “Faculty of Business.” This change needs to be updated and reflected consistently across the entire system.

The screenshot shows the Admin Profile Management interface. At the top, there are filters for 'Faculty of Business', 'Select Department', and 'Select Designation'. Below these are buttons for 'Download CSV', 'Download PDF', and 'Clear'. A search bar is also present. The main area displays a list of faculty members with columns for ID, profile picture, name, and actions. The 'Faculty of Business' dropdown menu is open, showing options like 'Faculty of Computing', 'Faculty of Engineering', 'Faculty of Graduate Studies', 'Faculty of Humanities & Sciences', 'School of Architecture', and 'SLIIT Business School'. The 'SLIIT Business School' option is highlighted. Below the faculty list, there is a table with columns for '#', 'NAME', 'SLUG', 'STATUS', and 'ACTIONS'. The first row in the table shows 'Faculty of Business' with a status of 'Unpublished' and a 'Publish' button.

- Sometimes, CSV and PDF reports fail to download with data when certain filters are applied, for example, selecting Faculty as FOB. This issue needs to be investigated and fixed to ensure reports download correctly for all filter options.

Admin Function: Publication Management

- Newly added publication types are not showing here. Please check and correct.
- Please add a filter to data filter by academic Profile (Ex: Koliya Pulasinghe)

- Please add an additional column titled “Academia” in the report (both PDF and Excel) to display the relevant profiles associated with each publication.

Publications List

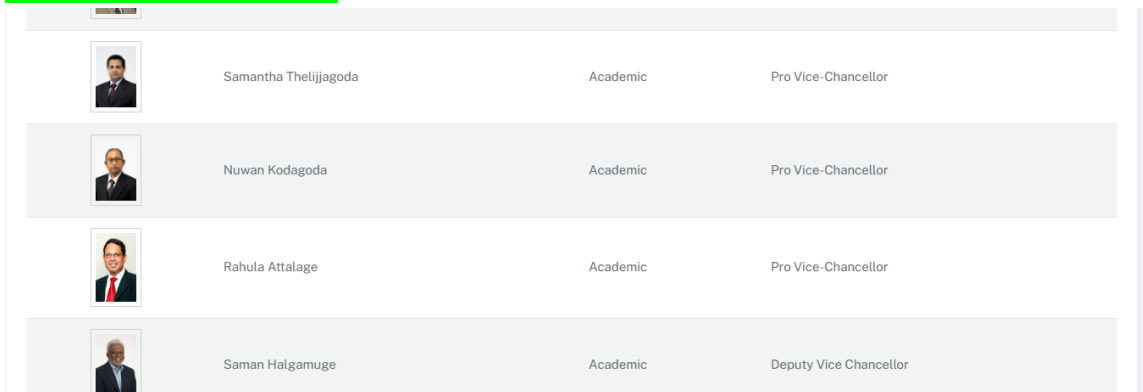

#	Title	Type	Year	Status	
1	https://www.coursehero.com/profile/vijaniptyawardana/	World Wide Web	2020	Active	
2	An Empirical Study of Students Satisfaction with Professional Accounting Education Programs	World Wide Web	2020	Active	
3	Python Scripts developed to pre-process student submissions before marking	World Wide Web	2020	Active	

Function: Publication Management

- Add an option to download the filtered (from above filters) publications as a PDF (as a list). The publication list on the downloaded PDF should be organized according to the selected reference types, based on the user's preferences. (Let's do this in SLA-Maintenance period)
 - Chicago
 - Harvard
 - MHRA
 - OSCOLA,
 - Vancouver
 - IEEE
- Include an option to select the “Reference Type,” for all publications (already added) which will determine how the publication is displayed on the front end. (This should change all individual publications at once) (Let's do this in SLA-Maintenance period)

Profile Re-Order

- When new profiles are added to the system, or the designation of an existing lecturer is changed, they should automatically reorder based on their hierarchy level across all relevant ordering pages (All Profiles / Faculty / Department). This reordering should not affect the order of other profiles. The newly added or updated profile should be positioned at the **bottom of its designated designation group** (e.g., if the designation is Senior Lecturer, the new or updated profile should appear at the bottom of the Senior Lecturer group).
- Inactive users/profiles should be hidden from the ordering list. When an inactive user/profile is reactivated, it should be displayed again in the list according to the previously defined logic.

	Samantha Thelijagoda	Academic	Pro Vice-Chancellor
	Nuwan Kodagoda	Academic	Pro Vice-Chancellor
	Rahula Attalage	Academic	Pro Vice-Chancellor
	Saman Halgamuge	Academic	Deputy Vice Chancellor

Notification Management

- This module is not added to the system. Please check and do the needful. Admins should be able to send both **system (push)** and **email notifications** from the system with the following capabilities:
 - Ability to send notifications to **selected profiles** or **all profiles**.
 - Ability to choose the notification method as **email** or **system (push) notification**.
 - Ability to send notifications to **all faculty members** at each faculty level.
 - Ability to send notifications to **all members of a department** at each department level.
 - Ability to send notifications to **individual profiles**.
 - Ability to view all notifications.
 - Ability to recall any notification at any time.

Funded Research Management

- This feature is not currently integrated into the Single Staff Profile page. It should be displayed in the relevant lecturer's profile under a new section titled "Funded Research", as shown in the example below (if data is available).

Show 10 entries Search:

- Test faculty

- Add New Faculty/Department: Please make sure that synchronize with front end also.

Staff Profile User front end (website)

- Page: All Staff Profile Page: <https://integration-sliit.saberion.org/academic/academic-staff>

- Filters should be added as discussed. (Faculty, Department, University Role)

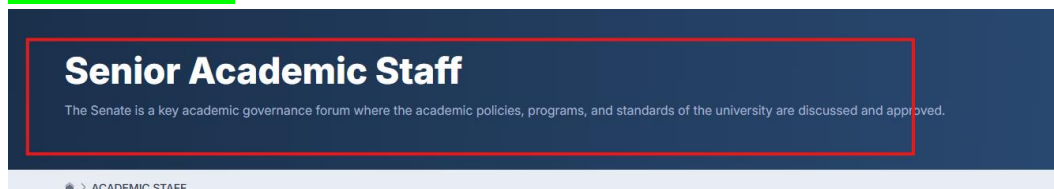

- This shows the Inactive users/profiles also. Please check and correct.

- Please Change the Banner title and Banner description follows.

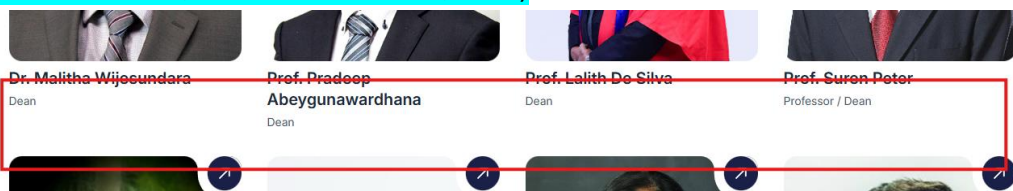

Title: Academic Staff

Description: Browse our Academic Staff page to explore profiles of all academics, including their qualifications, research interests, and professional experience across faculties.

- Check the Breadcrumb and please correct.

- Display the **Department Name** and **Faculty Name** on separate lines, with the **Department Name appearing first**, followed by the **Faculty Name**. Please ensure the department naming follows the below point specified naming convention. (follow the same for displaying academic profiles on these pages: Senior Academic Staff, Find a Researcher, etc.)

- Page: All Faculty's level ACADEMIC STAFF Page:

ex: <https://integration-sliit.saberion.org/academic/faculty-of-humanities-sciences/people/academic-staff>

- Add the prefix "Department of" to department names where applicable. However, if the name already begins with "School of", do not add the prefix and display the name as it is.

For example:

- Linguistics → Department of Linguistics
- School of Education → School of Education

Ms. Nilushi Dias
Senior Lecturer
Department of Linguistics

Mr. Lakmal Kumara
Senior Lecturer
School of Education

Ms. Malika Lakmali
Lecturer
Department of Mathematics and Statistics

- Page: All Departments' level ACADEMIC STAFF Page:

ex: <https://integration-sliit.saberion.org/academic/faculty-of-humanities-sciences/school-of-education/people/academic-staff>

- No need to display faculty or department since it's already under that subpage.

For example:

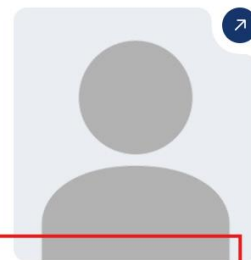

Dr. Susil Perera
Assistant Professor / Coordinator, BEd
Program

Prof. T.Thanaraj
Professor

Dr. Virajith Gamage
Assistant Professor

Ms. Krishani Rajapaksha
Instructor

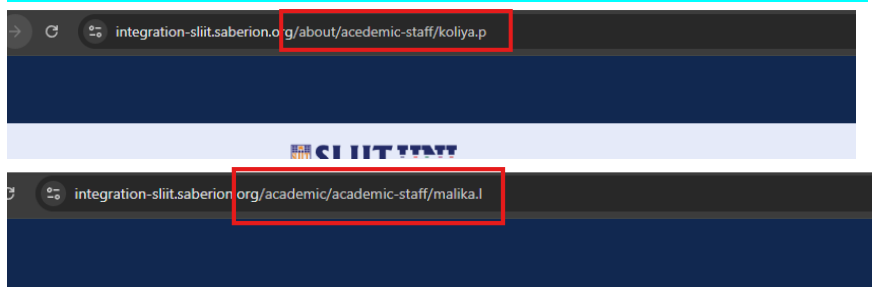

- Page: Individual Profile:

ex: <https://integration-sliit.saberion.org/about/acedemic-staff/koliya.p>

- It's opening two popup windows. Please correct that.

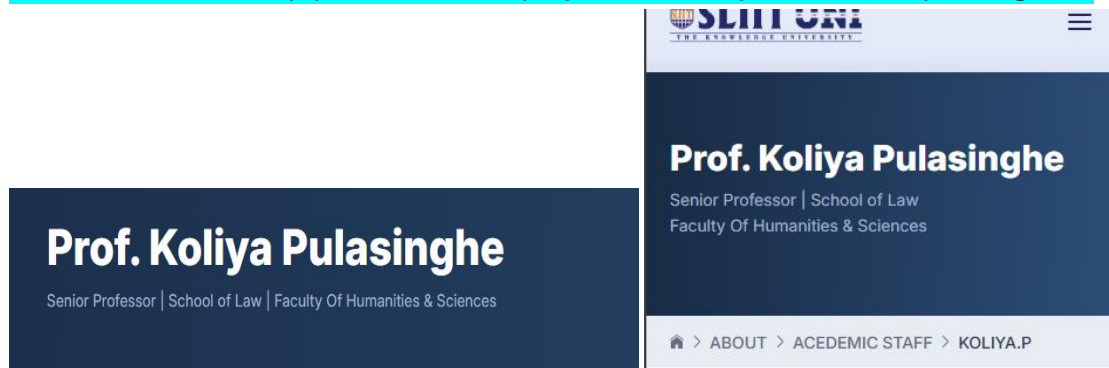

- Individual profiles are currently loading from different URL paths. Please check and correct this to ensure consistency. It is recommended to standardize the profile URL structure as: `sliit.lk/academic/academic-staff/{username}`

- Some profiles are not displaying details correctly. The following information should be properly displayed for each profile: **Name, Designation, Department, and Faculty.** (for Prof. Lalith Gamage, Prof. Lakshman Ratnayake, Prof. Nimal Rajapakse display only Name with designation)

Please refer to this example and ensure the department name is fetched according to the naming convention explained in the above points. In mobile view, it should remove the relevant pipelines and display them line by line as the spaces given.

- **Funded Research area not visible. Please check and integrate that as well. Explain on the above points.**
- **Display the user's email address in the contact section. The phone number should also be displayed, but only if it is available in the user's profile.**

- **Reduce the spacing between the clusters and ensure the cluster title (including the arrow) is properly linked to the respective individual cluster page. And display only 2 lines of text from the description area.**

Research Clusters

[Centre of Excellence for AI \(CEAI\) →](#)

A multidisciplinary initiative advancing AI research in machine learning, NLP, and big data analytics to solve complex global challenges and drive intelligent decision-making.

Research Clusters

[Interdisciplinary Hub for Environment and Human Wellbeing →](#)

This interdisciplinary research cluster is dedicated to advancing scientific innovations that promote both environmental sustainability and human health. A central focus is on adding value to Sri Lanka's abundant natural resources—including ilmenite, graphite, and clay—and converting agricultural and marine waste materials such as rice husks, coconut husks, fruit waste, and shrimp shells into high-value products for environmental applications. The cluster also emphasizes the design and development of advanced polymer- and nanomaterial-based delivery systems for the sustained release of pharmacologically active compounds, supporting improvements in drug efficacy. Further, the research group pioneers the development of novel biomaterials for dermatological applications, including wound healing and sun protection, bridging the gap between materials science and healthcare innovation. Through these research directions, the cluster seeks to generate sustainable solutions that are locally relevant, globally impactful, and aligned with long-term ecological and public health goals.

Research Clusters

[Autonomous Intelligent Machines and Systems \(AIMS\) →](#)

Pioneering research in intelligent systems, robotics, and IoT to develop autonomous solutions for industrial and societal challenges. Focus areas include drone technology, smart systems, and real-time embedded applications.

[Centre of Excellence for AI \(CEAI\) →](#)

A multidisciplinary initiative advancing AI research in machine learning, NLP, and big data analytics to solve complex global challenges and drive intelligent decision-making.

[Energy and Sustainability →](#)

Interdisciplinary research on sustainable energy solutions, policy frameworks, and green technologies to combat climate change.

- **Please review all alignments and spacing and ensure consistency throughout the interface for improved clarity and better user experience.**

- Some lecturers are reporting that their publications are not appearing. As discussed previously, please investigate and resolve this issue.

ex: <https://integration-sliit.saberion.org/about/academic-staff/harsha.wi>
<https://www.sliit.lk/faculty-of-humanities-sciences/staff/harsha.wi/>

✓ Member, The Association for Language Testing and Assessment of Australia and New Zealand (ALTAANZ)

✓ Member, ELINET (Education, Languages, and Internationalisation Network)

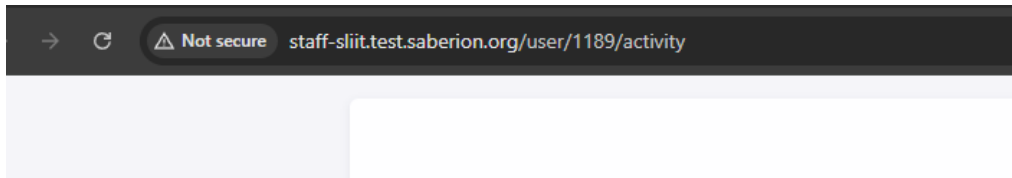

- Some lecturers have reported that their profiles are not appearing in the relevant profile lists. We have also checked this issue; please look into it.

ex: kithsiri.l@sliit.lk | kithsiri.li@sliit.lk

Security Flaws:

- Following URL ID-based routing to manage the system. If you are using this, follow best security practices.

- Academic users are currently able to access other users' data through URL ID-based routing and perform CRUD operations on those records. Please review and fix all cross-pattern and cross-URL access issues immediately. Since this system will be used by a large number of IT professionals, it is important to follow best practices in security, access control, and overall system design.

URL Issues

- Please check the separately sent URL excel files.
- Some pages contain links that lead to 404 errors. Please scan the entire website and correct these broken links.
- Some pages contain Laravel errors.

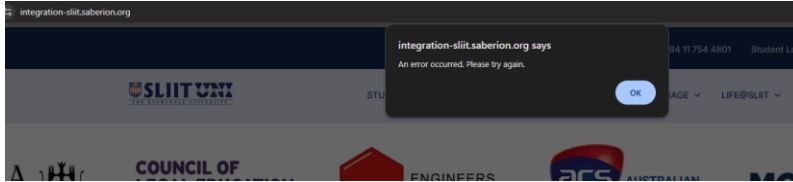

SEO Issues

- Improve page speed on each page (<https://ahrefs.com/blog/advanced-pagespeed-guide/>)
- Customized SEO settings for each page (Title, Meta, OG, etc...) (not working correctly)
- Should maintain a good rating on page speed insights tools for the entire website (any page)
 - <https://pagespeed.web.dev/> (score > 85)
 - <https://tools.pingdom.com/> (Grade: A or B)
 - <https://gtmetrix.com/> (Grade: A or B)
 - Google Lighthouse (Score > 85)
- Consider & maintain high Performance Metrics on FCP/LCP/TBT/CLS, etc...
- Each page should adhere to SEO best practices (ex: keyword mapping, etc...)

Forms (QA | UAT | Improvements)

- **Common Improvements:**
 - Bcc every email to the webteam@sliit.lk
 - Cc every email to the info@sliit.lk except following.
 - PDP Program Section Form
 - Careers Main Form
 - Careers Single Advert Form
 - Report Security Incident Form
 - Some fields are not validated effectively.
 - Special Characters and includes in Name fields.
 - NIC is not validated against Sri Lankan formats.
 - Country field showing few countries.
 - Follow pre agreed recipient templates for both SLIIT and Users.
 - A few forms are intermittently not working. Some display errors, while others fail without showing any errors.

- **Newsletter: Form is not working**

- **Single Degree Program Enquire Form:**

- Form submission success notification didn't display.
- In user recipient email, phone number is not linked.

...inquiries at SLIIT. We have received your inquiry and will return to you; our team will get back to you as soon as possible with the relevant information.

If you need any immediate assistance, feel free to contact us at info@sliit.lk or call us at [+94 11 754 4801].

We appreciate your interest in SLIIT and look forward to assisting you.

Additional Functionalities

- Please refer to the "Additional Functionalities.pdf" shared earlier and proceed with the corrections accordingly.

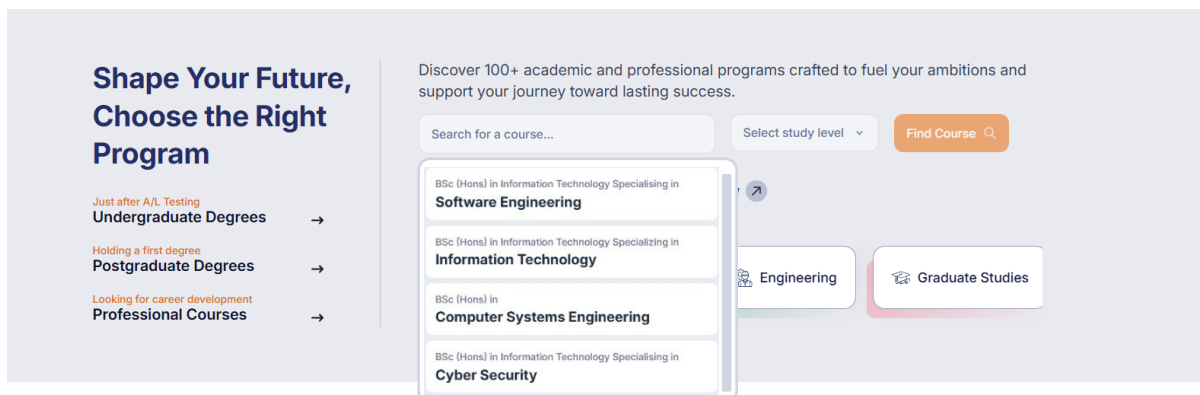

MD Comments

Page: <https://integration-sliit.saberion.org/>

- Program filter in the home page search bar. Like what have in <https://www.sarasavi.lk/> (better to display undergraduate degree first as results)

A Legacy of Excellence

A Legacy of Excellence

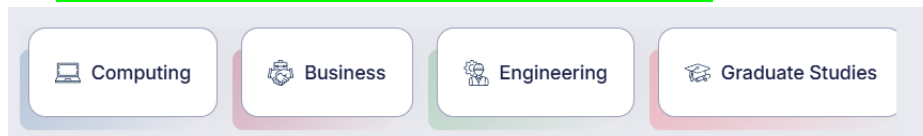

- The web slider should autoplay every 4 seconds and run continuously in a loop.

- Please make following changes

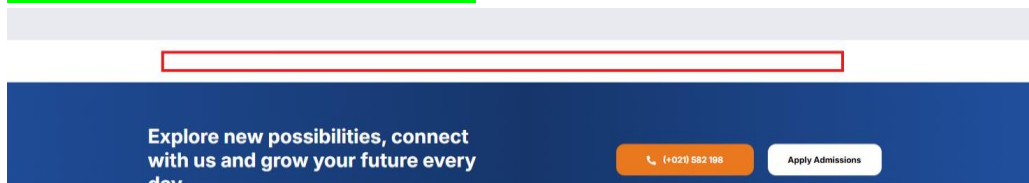

- Set order:

Computing | Engineering | Business | Humanities & Sciences | Architecture | Graduate Studies | Hospitality & Culinary

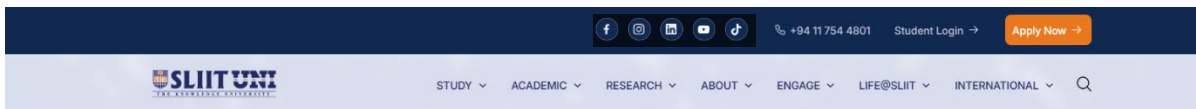

- Since users may not manually navigate beyond the last slide (don't feel there is more option), the below slider should autoplay continuously with a smooth, slow sliding transition. The autoplay should pause when the mouse hovers over the slider and resumes once the mouse is removed.

- Remove this empty white space. ()

- Add social media to the top bar.

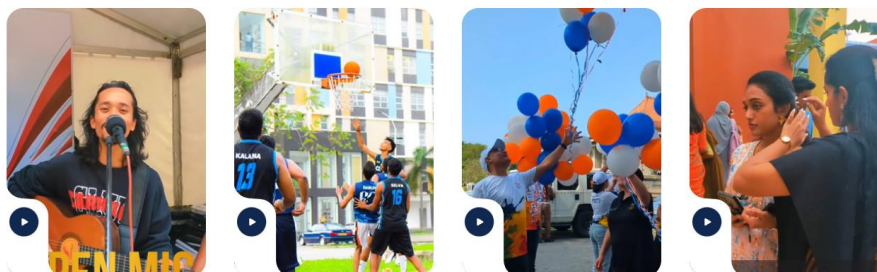

- Please add more videos and enable autoplay for them. Additionally, include arrow navigation to allow users to move between videos easily.

Discover Life at SLIIT

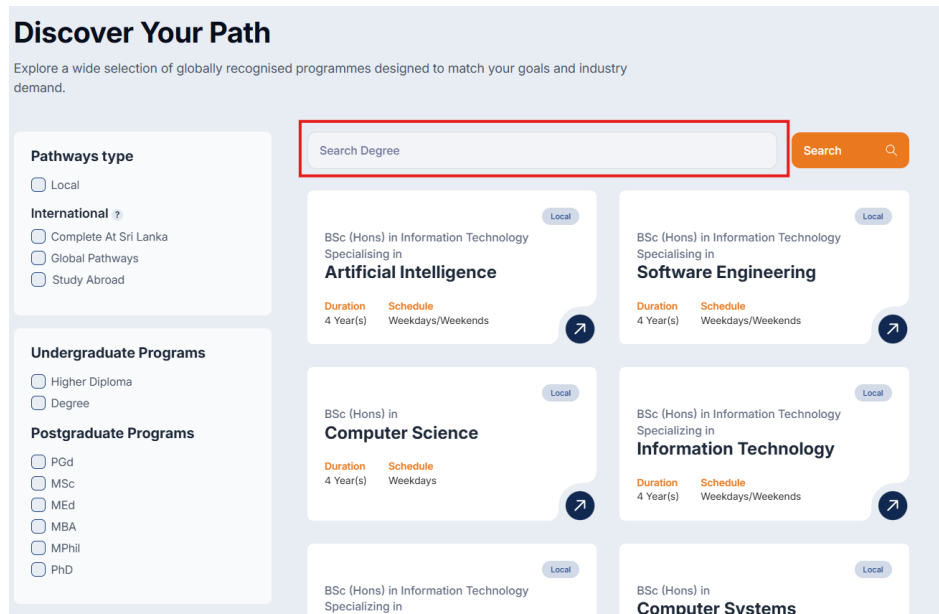

Discover a vibrant campus experience filled with opportunities to connect, grow and thrive. From clubs and sports to events and friendships, student life at SLIIT is dynamic and inclusive.

[Life at SLIIT >](#)

Page: <https://integration-sliit.saberion.org/study/find-a-program>

- Real time program filter ability when user type key words in the search bar. Similar to what we have in <https://integration-sliit.saberion.org/research/research-cluster> <https://integration-sliit.saberion.org/research/find-a-researcher>

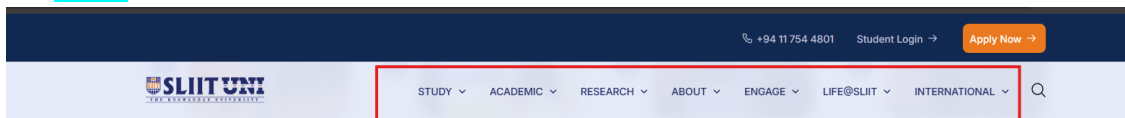

- When displaying the degree list, give priority to following order. He needs to display Degree programs first.
 - Degree
 - Higher Diploma
 - PGd | MSc | MEd | MBA | MPhil | PhD

- Kindly check the possibility of adding an option to mark degree programs as "Featured," so that selected programs can be displayed at the top of the list.

Menu: Menai Navigation Panel. (Not applicable to Faculty/Department menu)

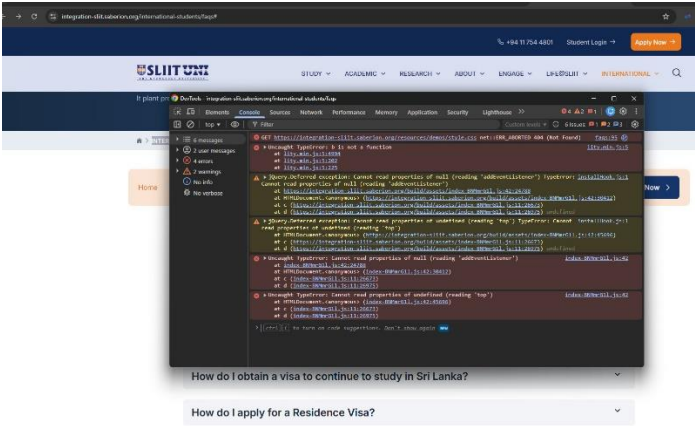

- In the main navigation panel, the mega menu appears instantly on mouse hover. On iMac devices, it is difficult to dismiss once opened, even when clicking on other areas of the page. Kindly review the UI/UX behavior on iMac devices and advise on a suitable solution. Please consider the following options:
 - Introducing a slight delay before the hover trigger activates.
 - Removing the hover trigger entirely and enabling the mega menu to open only on click.

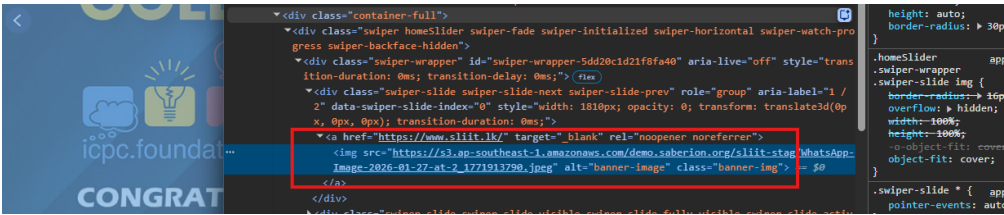

Later Found (QA | UAT | Improvements)

- Search functionality improvements:
 - Make priority the following when search: Title, Subtitle, Other text
 - Add countA screenshot of a search filter interface. It shows a row of buttons: 'All (4404)' (highlighted in purple), 'Courses (57)', 'People (972)', 'Events (69)', and 'News (994)'.
 - Change style to provide more prominent to filters.
ex: <https://www.deakin.edu.au/search?query=data>
<https://search.curtin.edu.au/results?q=data>
 - Adding pre-loader would be good for better UI/UX
 - show date only in News / Events
 - Add following for profile search results: profile img, Faculty, Department, email
 - For degree results add both titles
 - “BSc (Hons) in” and “Software Engineering”
 - Currently it is having only “BSc (Hons) in”
 - For degree results, 1st priority should be Degree programs and then PDP programs while prioritizing the Title and sub title also.
 - Avoid fetching study abroad degree programs
 - Please improve the design
ex: <https://www.deakin.edu.au/search?query=data>
<https://search.curtin.edu.au/results?q=data>

- Most pages contain multiple console errors and warnings; these should be reviewed, resolved, and cleared.

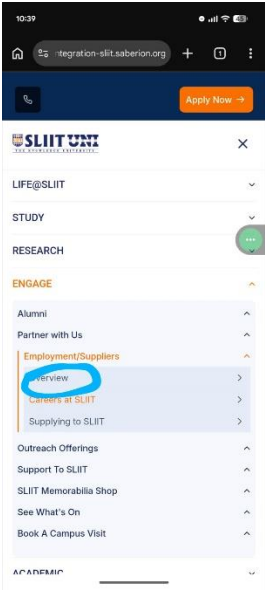

- Currently it's appearing S3 busskect URL for all the recources(images, docs, etc). This will be corrected in the live server environment.

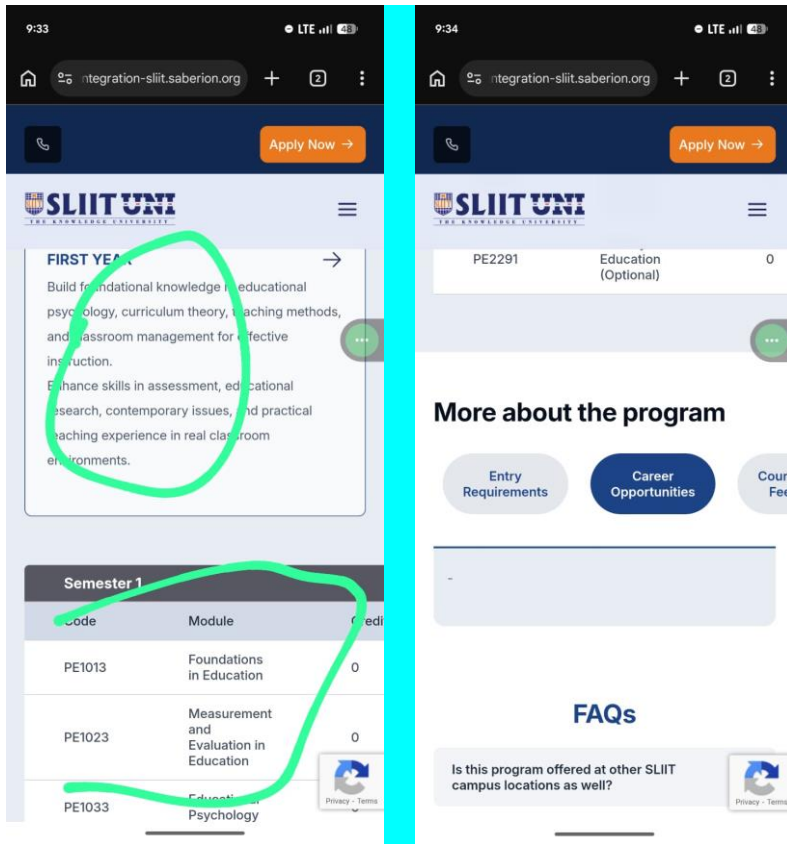

- Honorary Professor Management; in CMS: Please add Active/Inactive buttons.

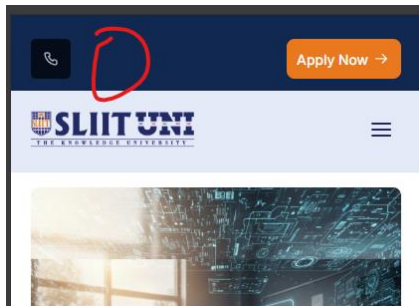

- "Overview" option has added to places that it did not need.

- Remaining responsive issues need to be corrected all over the website.

- Please add a Search icon here and

- Need to add remaining blog items (News/Events) as we discussed.

- Content Change (We will send the document on 30th)
 - Critical content and grammar correction document
 - Other content correction document
