products.

2 Click 'Add Products' to add products you want to include in the promotion.

3 Click 'Export' to download the template for adding products in bulk.

If the **export** is successful, a pop-up notification will appear at the top right of your seller center page.

6 Click the icon to download the file in the pop-up that appears at the bottom right of your seller center.

7

From the downloaded file, all eligible SKUs for the promotion will be visible. Sellers can curate which SKUs will be included in the promotion. For SKUs that do not want to be included, the row can be deleted. then save the file. Please do not delete the promo code column because each promotion has a different unique code

How to Quick Stop the Seller Promotion

1. Status: Active Promotion

- **Definition:** Promotion is currently live and running.
- Action Required:
 - SKUs (products) cannot be removed from an active promotion.
 - To end the promotion, by clicking 'edit promotion' > continue > set the promotion duration to end as soon as possible
 - The entire promotion will end early, but individual SKUs cannot be removed.

2. Status: Approved Promotion (Not Yet Live)

- Definition: Promotion is approved but has not started yet.
- Action Required:
 - You can **remove SKUs** from the upcoming promotion.
 - Go to the seller promotion module.
 - Use the [Submitted Products] option to remove any submitted SKUs before the promotion goes live.

Status	What You Can Do to End Promotion
Active	Set end date ASAP. Cannot remove individual SKUs.
Approved	Remove SKUs via [Submitted Products] before promotion starts

Key Takeaways

- Once a promotion is **live**, Seller cannot remove individual SKUs—only end the whole promotion early.
- For **upcoming** promotions, Seller can still adjust the product list before it goes live.
