DEVOTED

Klang Valley Women's Conference

A Klang Valley Women's Conference
designed by women for women in the busyness
of life — calling for our purposeful devotion to
our Lord and Saviour Jesus Christ.

Woman

23-24 October 2026
Espira Kinrara, Puchong

Think of the woman who was long suffering in her devotion to her family.
Think of the woman who would work herself to the bone in her career.
Think of the woman who threw herself into her relationships no matter
how much it costed her.

Think of the many women of the world in history and today, fighting for
causes they feel strongly about and influencing their community with
their words and actions.

Think of the women in the Scriptures who gave their all to serve their
Lord in poverty of spirit, while facing great shame.

**Think of yourself, the passion and heart you bring to what or who you
care about.**

What is it that moves a woman to give so much of herself?
Come and explore what it means to be a woman whose strength,
purpose, and devotion are rooted in Christ.

Claire Smith is a Bible teacher, theologian, and author with a PhD in New Testament. She is the author of *God's Good Design* and speaks at conferences and theological events in Australia and around the world.
