5. LEGAL BASIS FOR USING YOUR PERSONAL DATA

For personal data collected in Singapore, our legal basis for processing your personal data is your consent as Singapore PDPA is a consent-based regime.

For personal data collected from individuals residing in the EEA or the United Kingdom, there are a number of different ways that we are lawfully able to process your personal data. We have set these out below.

5.1 Where using your data is in our legitimate interests ("Legitimate interest")

We are allowed to use your personal data where it is in our interests to do so, and those interests are not outweighed by any potential prejudice to you.

We believe that our use of your personal data is within a number of our legitimate interests, including but not limited to:

- To enable us to provide our services to our customers;
 - To help us satisfy our legal obligations (for example, in relation to prevention of money laundering and anti-terrorism);
 - To help us understand our customers better and provide better, more relevant services to them;
 - To enable us to recruit and retain appropriate personnel; and
 - To help us keep our systems and physical premises secure and prevent unauthorized access or cyber attacks.
- We do not think that any of the activities set out in this Privacy Policy will prejudice you in any way. However, you do have the right to object to us processing your personal data on this basis. We have set out details regarding how you can go about doing this in section 7 below.

5.2 Where using your personal data is necessary for us to carry out our obligations under our contract with you ("Performance of a contract")

We are allowed to use your personal data when it is necessary to do so for the performance of our contract with you, i.e. where processing is necessary for the performance of a contract to which you are a party or in order to take steps at your request prior to entering into a contract.

For example, we need to collect your contact details in order to be able to communicate with you and provide

with some of the services you have requested.

5.3 Where you give us your consent to use your personal data ("Consent")

We are allowed to use your data where you have specifically consented. In order for your consent to be valid:

- It has to be given freely, without us putting you under any type of pressure;
- You have to know what you are consenting to – so we will make sure we give you enough information;
- You should only be asked to consent to one thing at a time – we therefore avoid "bundling" consents together so that you don't know exactly what you are agreeing to; and
- You need to take positive and affirmative action in giving us your consent – we are likely to provide a tick box for you to check so that this requirement is met in a clear and unambiguous fashion.
- As part of our relationship with you, we may ask you for specific consents to allow us to use your data in certain ways. If we require your consent, we will provide you with sufficient information so that you can decide whether or not you wish to consent.

You have the right to withdraw your consent at any time. We have set out details regarding how you can go about this in section 7 below.

5.4 Where processing is necessary for us to carry out our legal obligations ("Compliance with a legal obligation")

As well as our obligations to you under any contract, we also have other legal obligations that we need to comply with and we are allowed to use your personal data when we need to in order to comply with those other legal obligations.

For example, we are required to carry out anti-money laundering checks about our customers and we need to collect and use certain information about them in order to do so. We also need to make payment of taxation and customs duties and cooperate with regulators, enforcement authorities and the courts.

6. WHO DO WE SHARE YOUR DATA WITH

We may share information about you with:

- business partners and vendors we work with to deliver products and services to you (including credit agencies and third party online auction service provider partners and delivery and logistics providers)
- other providers of legal, accounting, financial services, business consulting or insurance services to us
- financial institutions for purposes such as facilitating payments
- governmental organisations, as required by local laws and regulations
- research organisations for market research, business and sales analysis or analytics purposes

Your information is disclosed to the above only for relevant purposes mentioned in this Privacy Policy or to protect the interests of our customers.

In some cases, we encrypt, anonymise and aggregate the information before sharing it (removing personally identifiable features or presenting the information in groups or segments).

7. WHAT ARE MY RIGHTS?

You have various rights in relation to the data which we hold about you. We have described these below.

To get in touch with us about any of these rights, please contact us at:

- Address: Attn: Our Data Protection Officer, Hotlotz Pte Ltd, 120 Lower Delta Road, 01-15 Cendex Centre, Singapore 169208
- Email: hello@hotlotz.com

We will seek to deal with your request without undue delay, and in any event within thirty days (subject to any extensions to which we are lawfully entitled). Please note that we may keep a record of your communications to help us resolve any issues which you raise.

7.1 Your rights under Singapore PDPA

7.1.1 Right to access and correct your data

You have the right to a copy of the information which we hold about you, including information on how this will be used and to ensure this information is accurate. Please refer to the "Contact Us" section below to communicate your data access or data correction request to us.

7.1.2 Right to withdraw your consent for us to use your personal data for marketing purposes

You also have the right to ask us not to process your personal data for marketing purposes – you can exercise this right by logging into your account and editing your communication preferences in the 'My Account' section of hototz.com.

Please note that if you withdraw your consent for us to use and process your personal data in accordance with Singapore PDPA, we may not be able to continue providing our service to you.

7.2 Your rights under GDPR

The GDPR gives you the following rights in relation to your personal data:

7.2.2 Right to object

This right enables you to object to us processing your personal data where we do so for one of the following reasons:

- because it is in our legitimate interests to do so (for further information please see section 5 above);
- to enable us to perform a task in the public interest or exercise official authority;
- to send you direct marketing materials; or
- for scientific, historical, research, or statistical purposes.

7.2.3 Right to withdraw consent

Where we have obtained your consent to process your personal data for certain activities (for example, for marketing), you may withdraw this consent at any time and we will cease to use your data for that purpose unless we consider that there is an alternative legal basis to justify our continued processing of your data for this purpose, in which case we will inform you of this condition

7.2.4 Data subject access requests

You may ask us for a copy of the information we hold about you at any time, and request us to modify, update or delete such information. If we provide you with access to the information we hold about you, we will not charge you for this unless permitted by law. If you request further copies of this information from us, we may charge you a reasonable administrative cost. Where we are legally permitted to do so, we may refuse your request. If we refuse your request we will always tell you the reasons for doing so.

7.2.5 Right to erasure

You have the right to request that we "erase" your personal data in certain circumstances. Normally, this right exists where:

- The data are no longer necessary;
- You have withdrawn your consent to us using your data, and there is no other valid reason for us to continue;
- The data has been processed unlawfully;
- It is necessary for the data to be erased in order for us to comply with our obligations under law; or
- You object to the processing and we are unable to demonstrate overriding legitimate grounds for our

continued processing.

We would only be entitled to refuse to comply with your request for erasure in limited circumstances and we will always tell you our reason for doing so.

When complying with a valid request for the erasure of data we will take all reasonably practicable steps to delete the relevant data.

7.2.6 Right to restrict processing

You have the right to request that we restrict our processing of your personal data in certain circumstances, for example if you dispute the accuracy of the personal data that we hold about you or you object to our processing of your personal data for our legitimate interests. If we have shared your personal data with third parties, we will notify them about the restricted processing unless this is impossible or involves disproportionate effort. We will, of course, notify you before lifting any restriction on processing your personal data.

7.2.7 Right to rectification

You have the right to request that we rectify any inaccurate or incomplete personal data that we hold about you. If we have shared this personal data with third parties, we will notify them about the rectification unless this is impossible or involves disproportionate effort. You may also request details of the third parties that we have disclosed the inaccurate or incomplete personal data to. Where we think that it is reasonable for us not to comply with your request, we will explain our reasons for this decision.

7.2.8 Right of data portability

If you wish, you have the right to transfer your personal data between service providers. In effect, this means that you are able to transfer the details we hold on you to another third party. To allow you to do so, we will provide you with your data in a commonly used machine-readable format so that you can transfer the data. Alternatively, we may directly transfer the data for you.

7.2.9 Right to complain

You have the right to lodge a complaint with our regulator, who is the Information Commissioner's Office in the UK. You can contact them in the following ways

8. COOKIES

Please refer to our Cookie Policy. Your continued use of our website is your acceptance of our continued use of cookies on our website.

9. SECURITY

We will take all reasonable precautions necessary to protect the security and integrity of all personal information provided to us, or by any other means (electronic or otherwise). We will ensure that your personal information within Hotlotz's is suitably protected against misuse, interference and loss; and unauthorised physical or electronic access, modification or disclosure.

These measures include technology to encrypt your login, password and credit information, virus scanning, installation of security patches, backup and recovery planning, employee training, audits and other steps as well as strict verification processes and limits on access to information in our systems and the systems of our business partners and vendors.

Unfortunately, we cannot guarantee that information during transmission through the internet or any computer network is entirely safe from unauthorised intrusion, access or manipulation. There is always risk involved in sending information through any channel over the internet. You send information over the internet entirely at your own risk. Although we will do our best to protect your personal data, we cannot guarantee the security of your data transmitted over the internet and we do not warrant the security of any information, including personal data, which you transmit to us over the internet.

10. INTERNATIONAL TRANSFER OF DATA

Your information may be collected, used, shared or otherwise processed in or outside the country in which it was collected. Laws in other countries regarding processing of information may be less or more stringent than the laws in the country in which you were located or of collection of the information.

We will also ensure that overseas organisations we work with observe necessary confidentiality and data protection obligations.

9.1 Transfer of personal data outside Singapore

For personal data collected in Singapore, we shall ensure that either

- we have obtained your consent for transferring your personal data outside Singapore after disclosing the country or territory to which your personal data will be transferred and giving you a reasonable summary in writing of the extent to which the personal data to be transferred to that country or territory will be protected to a standard comparable to the protection under the Singapore PDPA; or
- the transfer your information to any recipient outside Singapore is necessary for (i) the performance of a contract between Hotlotz and you, or to do anything at your request with a view to you entering into a contract with Hotlotz; (ii) the conclusion or performance of a contract between Hotlotz and a third party which is entered into at your request; or (iii) the conclusion or performance of a contract between Hotlotz and a third party if a reasonable person would consider the contract to be in your interest; or
- such other requirements under the Singapore PDPA for the transfer of personal data outside Singapore having been observed, including the overseas recipient agreeing contractually to such requirements to protect your personal data to a standard comparable to the protection under the Singapore PDPA.

9.2 Transfer of personal data outside the EEA

For personal data collected in the EEA, the data that we collect from you may be transferred to, and stored at, destinations both within and outside the EEA. As discussed above, we may disclose your personal data to our service providers located in Singapore and elsewhere, and to employees operating in Singapore.

We want to make sure that your personal data is stored and transferred in a way which is secure. We will therefore only transfer data outside of the EEA where it is compliant with data protection legislation and the means of transfer provides adequate safeguards in relation to your data. For example, this could be:

- By way of a data transfer agreement with a third party, incorporating the current standard contractual clauses adopted by the European Commission for the transfer of personal data by controllers in the EEA to controllers and processors in jurisdictions without adequate data protection laws; or
- By transferring your data to a country where there has been a finding of adequacy by the European Commission in respect of that country's levels of data protection via its legislation; or
- Where it is necessary for the conclusion or performance of a contract between ourselves and a third party and the transfer is in your interests for the purposes of that contract (for example, if we need to transfer your data to a seller or buyer based outside the EEA); or
- Where you have explicitly consented to the data transfer.

Where we transfer your personal data outside the EEA and where the country or territory in question does not maintain adequate data protection standards, we will take all reasonable steps to ensure that your data is treated securely and in accordance with this Privacy Policy.

11. HOW LONG WILL WE KEEP YOUR PERSONAL DATA

We hold data and information electronically and in hard copy form, both at our own premises and/or in a cloud server maintained by our cloud service provider(s).

We will not keep your personal data for longer than is necessary for the purposes for which we have collected it, unless we believe that the law or other regulation requires us to keep it (for example, because of a request by a tax authority or in connection with any anticipated litigation) or if we require it to enforce our agreements.

We will hold and retain your personal data for as long as is necessary for the relevant activity, or for as long as is specified in any agreement between you and us or for as long as we provide services to you. Following that period, we will only retain your personal data for as long as is reasonably necessary in the circumstances.

When it is no longer necessary to retain your personal data, we will delete the personal data that we hold about you from our systems. While we will endeavour to permanently erase your personal data once it reaches the end of its retention period, some of your personal data may still exist within our systems, for example if it is waiting to be overwritten. For our purposes, this data has been put beyond use, meaning that, while it still exists in the electronic ether, our employees will not have any access to it or use it again.

12. THIRD PARTY WEBSITES OR THIRD PARTY DATA PRACTICES

Our websites may contain links to other websites not operated by Hotlotz. The information you provide to us will not be transmitted to other websites, but these other websites may collect personal information about you in accordance with their own privacy notice. We cannot accept any responsibility for the privacy practices or content of those websites.

If you access any of our websites, webpages or mobile applications from any of our third party business partners, such as the ATG Group and thesaleroom.com (<https://www.the-saleroom.com/en-gb>), or from a third party social platform, such as Facebook, we may share information with that platform to the extent permitted by your agreement with that platform and its privacy settings. We are not responsible for the practices or policies of any other person or organisation (including the ATG Group and thesaleroom.com, our whitelabel online auction platform provider) and recommend that you review their data protection or privacy policies.

15. YOUR ACKNOWLEDGEMENT AND CONSENT

By visiting our website, accessing or using any Hotlotz products, services, information, content, features or premises, you acknowledge that you have read and understood this Privacy Policy and you accept the practices and terms as set out in this Privacy Policy.

For purpose of complying with the Singapore PDPA and the GDPR (to the extent that consent has been identified as the legal basis for processing your personal data), you also provide your consent for us to collect, use, disclose, share and otherwise process your personal data in accordance with this Privacy Policy.
