Student Project/Performance
SEADOM CONGRESS 2017

Student Project
20 – 26 March 2017 and Performance on 25 March 2017

Project Concept:

The SEADOM Student Project is a part of the SEADOM Congress and provides a challenging opportunity and venue for students from SEADOM member schools to get together for a musical experience and friendship.

Last year in Vientiane, Lao PDR, a group of 12 SEA students joined with 8 Laotian to create a 15 minutes creative work that featured improvisational elements, traditional and modern instruments, and beyond that a building of friendships. To view last year's performance, visit www.youtube.com/watch?v=5r7BzYzTQK0

Again, this year it is expected that a similar joint activity of students from SEADOM member schools and their counterparts from Myanmar share their input together before coming up with their masterpiece. The ideal performance is not anticipated to be on the same roll as the previous year. It is widely open to students and project team in building and sharing of their idea and creativity with no any influence and pressure. The project rehearsal and performance will be hosted at International Language & Business Centre (ILBC) in Yangon.
