

## MR. NIPUNA GUNARATNE

*With a Decade of experience in Apparel I started my career in Manufacturing at Unichela Panadura & then moved to Merchandising where I was part of a team which grew a customer account to be in our top 5 accounts, from here I headed Product creation for men's essentials at MAS Intimates, the largest division of MAS, where I headed a team doing material creation, product design, & customer presentations.*

*Following which I took on the role of Leading Circularity & Product sustainability for the whole Group.*
