Release Contents

The below section describes the features in more detail, including screenshots and videos where appropriate, this is ordered by the products/modules identified in Release Summary section.

Malaysia Statutory Update

Update on SOCSO Lindung 24 Jam (SKBBK) Scheme – SKBBK Paid by Employer

A new employee statutory setting “ALL SKBBK Pay By Employer” has been added below “ALL EIS Pay By Employer”. The default value is blank.

- Blank or No – SKBBK 'Yee is calculated and deducted from the employee's Net Pay.
- Yes – SKBBK 'Yee is calculated but not deducted from the employee's Net Pay. The employer bears the contribution.

“ALL SOCSO Pay By Employer” now applies to SOCSO 'Yee only and no longer affects SKBBK 'Yee. An employer who pays SOCSO on behalf of employees can therefore still deduct SKBBK from the employee.

A new SKBBK Employee transaction record is added to the Posting tab. It behaves the same as the existing SOCSO Employee row – editable Debit A/C No. and Credit A/C No., and included in Total, Save, Export and Print.

Applies to Company Totals, Branch to Branch Account, Category to Category Account, Department to Department Account, Line No. to Line No. Account, and Project to Project Account.

For the grouped variants the amount is scoped to the selected branch, category, department, line no. or project, and the sum across all groups equals the Company Totals amount. Existing SOCSO Employee and SOCSO Employer rows and account mappings are unchanged.
