

# BEYOND INSURANCE

Established in 2011, Tune Protect is a regional digital insurer headquartered in Malaysia and listed on Bursa Malaysia. Over the years, we've evolved from a travel-focused insurer into a multi-market, multi-segment, one-stop-solution partner — serving customers and businesses in 30+ markets across Asia and the Middle East.

Today, we're the travel expert focused on driving growth through strategic partnerships, insurtech innovation and digital solutions. Our vision is to make protection simple, accessible and relevant — empowering businesses to create new value streams, enhance customer experience and go beyond traditional insurance.

## COMPANY STRUCTURE

## OUR COMPETITIVE EDGE GOES BEYOND TRADITIONAL INSURANCE

We collaborate with businesses to co-create insurance and ancillary solutions that drive relevance, growth and revenue.

### Speed to Market

Launch products in weeks, not months.

### Digital Integration

Seamlessly plug into our single API platform across markets.

### Regional Reach

Leverage on our regional network across Asia and the Middle East.

### Customer-Centric Innovation

Co-create relevant solutions that enhance your brand value.

## AWARDS & RECOGNITION

Let's connect and grow across borders
