

專題製作類課程-紀錄與保存

Practical Project Courses- Record keeping of practical project courses

為使通識教育中心所要求之專題製作類課程相關文件或影音資料均能被有效管控，以確保文件內容適切性及有效性，則透過專題製作類課程紀錄保存報告，內容類型涵蓋：照片、錄音、影片、電子書、展覽海報、模型或雛形、學期報告與其他等資料，未來更將進一步活化專題製作類課程資料，並上傳至逢甲電視台及逢甲影音 APP，以做為逢甲大學數位教材之基礎。

In order to effectively control the documents or videos related to practical project courses required by the General Education Center to guarantee the propriety and effectiveness of documents, the reports of courses are kept. The forms include photos, sound recording, videos, e-book, posters, models, semester reports and other data. In the future, the materials of the practical project courses will be activated, and uploaded to Feng Chia TV and Feng Chia video APP as the base of digital instructional materials of Feng Chia University.
