

Job description – Video Editor

We are looking for an experienced and creative Video Editor to join our team. As a Video Editor at our company, you will be responsible for capturing, editing, and producing videos for internal and external purposes.

Responsibilities:

- Record and produce short videos for YouTube to promote our content
- Trim footage segments and put together the sequence of the videos
- Input music, dialogues, graphics and effects
- Create rough and final cuts
- Consult with stakeholders from production to post-production process
- Edit and package the already available footage
- Reviewing shooting script and raw material to create a shot decision list based on scenes' value and contribution to continuity
- Continuously discover and implement new editing technologies and industry's best practices to maximize efficiency
- Support in writing short scripts for videos
- Support in developing an overall video production and distribution strategy

Job qualifications:

- BA/BS or similar degree
- 2-3 years of experience as video editor
- Great interpersonal and communication skills
- Solid experience with digital technology and editing software packages (Final Cut Pro X, Adobe After Effects, Premier Pro)
- Demonstrable video editing ability with a strong portfolio
- Thorough knowledge of timing, motivation and continuity
- Familiarity with special effects, 3D and compositing
- Creative mind and storytelling skills
- Great interpersonal and communication skills
